PART 1 - GENERAL INFORMATION

1.1 Security Requirements

1. Before award of a contract, the following conditions must be met:
 - (a) the Bidder must hold a valid organization security clearance as indicated in Part 6 - Resulting Contract Clauses;
 - (b) the Bidder's proposed individuals requiring access to classified or protected information, assets or sensitive work sites must meet the security requirements as indicated in Part 6 - Resulting Contract Clauses;
2. Bidders are reminded to obtain the required security clearance promptly. Any delay in the award of a contract to allow the successful Bidder to obtain the required clearance will be at the entire discretion of the Contracting Authority.
3. For additional information on security requirements, Bidders should refer to the [Contract Security Program](http://www.tpsgc-pwgsc.gc.ca/esc-src/introduction-eng.html) of Public Works and Government Services Canada (<http://www.tpsgc-pwgsc.gc.ca/esc-src/introduction-eng.html>) website.

1.2 Statement of Work

Agriculture and Agri-Food Canada's Research and Development Centre in Lacombe AB, has a requirement for a certified technician(s) to provide inspection, testing and certification services of fire and backflow systems, and to provide training and maintenance services on an **'as and when required'** basis.

1.3 Debriefings

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days from receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

PART 2 - BIDDER INSTRUCTIONS

2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The [2003](#) (2022-03-29) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

Subsection 5.4 of 2003, Standard Instructions - Goods or Services - Competitive Requirements, is amended as follows:

Delete: 60 days

Insert: 120 days

In the complete text content (except Subsection 1.0, Subsection 3.0, and Subsection 20): Delete “Public Works and Government Services Canada” and Insert “Agriculture and Agri-Food Canada”. Delete “PWGSC” and Insert “AAFC”.

Subsection 5.2 of Standard Instructions - Goods or Services - Competitive Requirements 2003 is amended as follows:

Delete: (d) send its bid only to the specified Bid Receiving Unit of Public Works and Government Services Canada (PWGSC) specified in the bid solicitation or, to the address specified in the bid solicitation, as applicable;

Insert: (d) send its bid only to the specified Bid Receiving Unit of Agriculture and Agri-Food Canada (AAFC) specified in the bid solicitation or, to the address specified in the bid solicitation, as applicable;

2.2 Submission of Bids

Bids must be submitted only to Agriculture and Agri-Food Canada by the date, time and place indicated on page 1 of the bid solicitation.

Due to the nature of the bid solicitation, bids transmitted by facsimile to AAFC will not be accepted.

2.3 Former Public Servant

Refer to Annex “E”

2.4 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than 10 calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by Bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all Bidders. Enquiries not submitted in a form that can be distributed to all Bidders may not be answered by Canada.

2.5 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Alberta.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Bidders.

2.6 Bid Challenge and Recourse Mechanisms

(a) Several mechanisms are available to potential suppliers to challenge aspects of the procurement process up to and including contract award.

(b) Canada encourages suppliers to first bring their concerns to the attention of the Contracting Authority. Canada's [Buy and Sell](#) website, under the heading "[Bid Challenge and Recourse Mechanisms](#)" contains information on potential complaint bodies such as:

- Office of the Procurement Ombudsman (OPO)
- Canadian International Trade Tribunal (CITT)

(c) Suppliers should note that there are **strict deadlines** for filing complaints, and the time periods vary depending on the complaint body in question. Suppliers should therefore act quickly when they want to challenge any aspect of the procurement process.

2.7 Mandatory Site Visit

Bidders must attend a site visit where the services are to be rendered and make themselves familiar with the site and any conditions that may affect the nature or provision of the services required. Ignorance of the local conditions at no time will constitute a valid reason to justify additional cost or an inability to satisfactorily meet any one of the tasks stipulated.

Bidders will be required to sign an attendance sheet at the visit. By signing the attendance sheet, bidders are confirming they have attended the visit. Bidders who do not attend or send a representative will not be given an alternative appointment and their bids will be rejected as non-compliant.

Site Visit will be held **February 23, 2023 at 9:00 am MST**. To confirm your attendance, please contact: Colin Koversky, Facility Manager at (403) 782-8131 or colin.koversky@agr.gc.ca

Location: Lacombe Research and Development Centre
6000 C and E Trail
LACOMBE, AB

Report and sign in at: Front Desk, Administration Building, 6000 C & E Trail, Lacombe AB

*Note that 3 layer medical grade masks are required when/if physical distancing cannot be maintained.

PART 3 - BID PREPARATION INSTRUCTIONS

Canada requests that the Bidder submits its bid in accordance with section 2.2, Submission of Bids of Part 2.

The bid must be gathered per section and separated as follows:

- Section I: Technical Bid (1 pdf attachment)
- Section II: Financial Bid (1 pdf attachment)
- Section III: Certifications (1 pdf attachment)

Section I: Technical Bid

In their technical bid, Bidders should explain and demonstrate how they propose to meet the requirements and how they will carry out the Work.

Section II: Financial Bid

Bidders must submit their financial bid in accordance with Annex “B” Basis of Payment.

3.1.1 Electronic Payment of Invoices – Bid

If you are willing to accept payment of invoices by Electronic Payment Instruments, complete Annex “G” Electronic Payment Instruments, to identify which ones are accepted.

If Annex “G” Electronic Payment Instruments is not completed, it will be considered as if Electronic Payment Instruments are not being accepted for payment of invoices.

Acceptance of Electronic Payment Instruments will not be considered as an evaluation criterion.

3.1.2 Exchange Rate Fluctuation

[C3011T](#) (2013-11-06) Exchange Rate Fluctuation

3.1.3 SACC Manual Clauses

Section III: Certifications

Bidders must submit the certifications and additional information required under Part 5.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids.

4.1.1 Technical Evaluation

4.1.1.1 Mandatory Technical Criteria

Refer to **Annex “C”** for the **Mandatory Technical Criteria** which will be evaluated on a compliant/non-compliant basis.

4.1.2 Financial Evaluation

Refer to **Annex “D”** for the **Bid Document** which will form the Financial Proposal.

SACC Manual Clause [A0220T](#) (2014-06-26), Evaluation of Price-Bid

4.2 Basis of Selection

A bid must comply with the requirements of the bid solicitation and meet all mandatory technical evaluation criteria to be declared responsive. The responsive bid with the lowest evaluated price will be recommended for award of a contract.

PART 5 – CERTIFICATIONS AND ADDITIONAL INFORMATION

Bidders must provide the required certifications and additional information to be awarded a contract.

The certifications provided by Bidders to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare a bid non-responsive, or will declare a contractor in default if any certification made by the Bidder is found to be untrue whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority will render the bid non-responsive or constitute a default under the Contract.

5.1 Certifications Required with the Bid

Bidders must submit the following duly completed certifications as part of their bid.

5.1.1 Integrity Provisions - Declaration of Convicted Offences

In accordance with the Integrity Provisions of the Standard Instructions, all bidders must provide with their bid, **if applicable**, the declaration form available on the [Forms for the Integrity Regime](http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html) website (<http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html>), to be given further consideration in the procurement process.

5.2 Certifications Precedent to Contract Award and Additional Information

The certifications and additional information listed below should be submitted with the bid, but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame provided will render the bid non-responsive.

5.2.1 Integrity Provisions – Required Documentation

In accordance with the section titled Information to be provided when bidding, contracting or entering into a real property agreement of the [Ineligibility and Suspension Policy](http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html) (<http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html>), the Bidder must provide the required documentation, as applicable, to be given further consideration in the procurement process.

Refer to Annex “F”

5.2.2 Federal Contractors Program for Employment Equity - Bid Certification

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "FCP Limited Eligibility to Bid" list available at the bottom of the page of the [Employment and Social Development Canada \(ESDC\) - Labour's](https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#) website (<https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#>).

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the “FCP Limited Eligibility to Bid” list at the time of contract award.

5.2.3 Additional Certifications Precedent to Contract Award

5.2.3.1 Status and Availability of Resources

SACC Manual Clause [A3005T](#) (2010-08-16), Status and Availability of Resources

5.2.3.2 Insurance - Proof of Availability Prior to Contract Award

The Bidder must provide a letter from an insurance broker or an insurance company licensed to operate in Canada stating that the Bidder, if awarded a contract as a result of the bid solicitation, can be insured in accordance with the Insurance Requirements specified in Annex H.

If the information is not provided in the bid, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time period will render the bid non-responsive.

PART 6 - RESULTING CONTRACT CLAUSES

The following clauses and conditions apply to and form part of any contract resulting from the bid solicitation.

6.1 Security Requirements

6.1.1 The following security requirements (SRCL and related clauses provided by the Contract Security Program) apply and form part of the Contract.

1. The contractor/offeror personnel requiring access to sensitive work site(s) must **each** hold a valid **reliability status**, granted or approved by AAFC;
2. The contractor and/or its employees MUST NOT have access to PROTECTED and/or CLASSIFIED information or assets;
3. The contractor and/or its employees MUST NOT remove any PROTECTED and/or CLASSIFIED information or assets from the identified work site(s);
4. The contractor and/or its employees MUST NOT use its IT systems to electronically process, produce or store PROTECTED and/or CLASSIFIED information or data;
5. Subcontracts which contain security requirements are **not** to be awarded without the prior written permission of the AAFC; and
6. The contractor/offeror must comply with the provisions of the:
 - a. Security Requirements Check List.

6.2 Statement of Work

The Contractor must perform the Work in accordance with the Statement of Work at Annex "A".

6.3 Standard Clauses and Conditions

All clauses and conditions identified in the Contract by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) (https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) issued by Public Works and Government Services Canada.

Revision to Departmental Name: As this contract is issued by Agriculture and Agri-Food Canada (AAFC), any reference to Public Works and Government Services Canada or PWGSC or its Minister contained in any term, condition or clause of this contract, including any individual SACC clauses incorporated by reference, will be interpreted as reference to AAFC or its Minister.

6.3.1 General Conditions

2010C (2021-12-02), General Conditions - Services (Medium Complexity) apply to and form part of the Contract.

6.3.2 Supplemental General Conditions

4013 (2021-11-29), Compliance with on-site measures, standing orders, policies and rules

The Contractor must comply and ensure that its employees and subcontractors comply with all security measures, standing orders, policies or other rules in force at the site where the Work is performed.

6.4 Term of Contract

6.4.1 Period of the Contract

The Work is to be performed during the period of _____ (*fill in start date of the work*) to _____ (*fill in end date of the work*).

6.4.2 Option to Extend the Contract

The Contractor grants to Canada the irrevocable option to extend the term of the Contract by up to 3 additional 1 year period(s) under the same conditions. The Contractor agrees that, during the extended period of the Contract, it will be paid in accordance with the applicable provisions as set out in the Basis of Payment.

Canada may exercise this option at any time by sending a written notice to the Contractor at least 15 calendar days before the expiry date of the Contract. The option may only be exercised by the Contracting Authority, and will be evidenced for administrative purposes only, through a contract amendment.

6.5 Authorities

6.5.1 Contracting Authority

The Contracting Authority for the Contract is:

Name: Zack Flamont
Title: Procurement Officer
Agriculture and Agri-Food Canada
Western Service Centre
Address: 300 – 2010 12th Avenue
Regina, Saskatchewan, Canada, S4P 0M3

Telephone: 639 560 3462
Facsimile: 306 780 6683
E-mail address: zack.flamont@agr.gc.ca

The Contracting Authority is responsible for the management of the Contract and any changes to the Contract must be authorized in writing by the Contracting Authority. The Contractor must not perform

work in excess of or outside the scope of the Contract based on verbal or written requests or instructions from anybody other than the Contracting Authority.

6.5.2 Project Authority

The Project Authority for the Contract is:

Details will be provided in any resulting contract

Name: _____
Title: _____
Organization: _____
Address: _____

Telephone: _____
Facsimile: _____
E-mail address: _____

The Project Authority is the representative of the department or agency for whom the Work is being carried out under the Contract and is responsible for all matters concerning the technical content of the Work under the Contract. Technical matters may be discussed with the Project Authority, however the Project Authority has no authority to authorize changes to the scope of the Work. Changes to the scope of the Work can only be made through a contract amendment issued by the Contracting Authority.

6.5.3 Contractor's Representative (Please complete)

Name: _____
Title: _____
Address: _____
Telephone: _____
E-mail: _____

6.6 Proactive Disclosure of Contracts with Former Public Servants

By providing information on its status, with respect to being a former public servant in receipt of a Public Service Superannuation Act (PSSA) pension, the Contractor has agreed that this information will be reported on departmental websites as part of the published proactive disclosure reports, in accordance with Contracting Policy Notice: 2019-01 of the Treasury Board Secretariat of Canada.

6.7 Payment

6.7.1 Basis of Payment

The Contractor will be paid for the Work performed in accordance with the Basis of Payment at Annex B, a firm price of \$ _____ (to be inserted at contract award). Customs duties are included, and Applicable Taxes are extra.

6.7.2 Limitation of Price

SACC Manual clause [C6000C](#) (2017-08-17) Limitation of Price

6.7.3 Method of Payment

SACC Manual clause [H1008C](#) (2008-05-12) Monthly Payment

6.7.4 Electronic Payment of Invoices – Contract

The Contractor accepts to be paid using any of the following Electronic Payment Instrument(s):

- a. Direct Deposit (Domestic and International);
- b. Electronic Data Interchange (EDI);
- c. Wire Transfer (International Only);

6.8 Invoicing Instructions

6.8.1 The Contractor must submit invoices in accordance with the section entitled "Invoice Submission" of the general conditions along with the monthly maintenance report described in Statement of Work of the Contract.

Invoices cannot be submitted until all work identified in the invoice has been completed and that all maintenance service call reports related to the Work identified in the invoice have been received by the Project Authority.

6.8.2 Invoices must be distributed as follows:

The original and two (2) copies of the invoices and monthly maintenance reports must be forwarded to the following address for certification and payment.

Agriculture and Agri-Food Canada
6000 C & E Trail, Lacombe AB T4L 1W1

One (1) copy of the invoice and monthly maintenance report must be forwarded to the Contracting Authority identified under the section entitled "Authorities" of the Contract.

6.9 Certifications and Additional Information

6.9.1 Compliance

Unless specified otherwise, the continuous compliance with the certifications provided by the Contractor in its bid or precedent to contract award, and the ongoing cooperation in providing additional information are conditions of the Contract and failure to comply will constitute the Contractor in default. Certifications are subject to verification by Canada during the entire period of the Contract.

6.10 Applicable Laws

The Contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Alberta.

6.11 Priority of Documents

If there is a discrepancy between the wording of any documents that appear on the list, the wording of the document that first appears on the list has priority over the wording of any document that subsequently appears on the list.

- (a) the Articles of Agreement;
- (b) the supplemental general conditions 4013 (2021-11-29);
- (c) the general conditions 2010C (2021-12-02);
- (d) Annex A, Statement of Work;
- (e) Annex I, Security Requirements Check List;
- (f) the Contractor's bid dated _____, as amended on _____

6.12 Dispute Resolution

- (a) The parties agree to maintain open and honest communication about the Work throughout and after the performance of the contract.
- (b) The parties agree to consult and co-operate with each other in the furtherance of the contract and promptly notify the other party or parties and attempt to resolve problems or differences that may arise.
- (c) If the parties cannot resolve a dispute through consultation and cooperation, the parties agree to consult a neutral third party offering alternative dispute resolution services to attempt to address the dispute.
- (d) Options of alternative dispute resolution services can be found on Canada's Buy and Sell website under the heading "[Dispute Resolution](#)".

6.13 Insurance

The Contractor must comply with the insurance requirements specified in Annex H. The Contractor must maintain the required insurance coverage for the duration of the Contract. Compliance with the insurance requirements does not release the Contractor from or reduce its liability under the Contract.

The Contractor is responsible for deciding if additional insurance coverage is necessary to fulfill its obligation under the Contract and to ensure compliance with any applicable law. Any additional insurance coverage is at the Contractor's expense, and for its own benefit and protection.

The Contractor must forward to the Contracting Authority within ten (10) days after the date of award of the Contract, a Certificate of Insurance evidencing the insurance coverage and confirming that the insurance policy complying with the requirements is in force. For Canadian-based Contractors, coverage must be placed with an Insurer licensed to carry out business in Canada, however, for Foreign-based Contractors, coverage must be placed with an Insurer with an A.M. Best Rating no less than "A-". The Contractor must, if requested by the Contracting Authority, forward to Canada a certified true copy of all applicable insurance policies.

ANNEX "A" – STATEMENT OF WORK

Agriculture and Agri-Food Canada's Research and Development Centre in Lacombe AB, has a requirement for a certified technician(s) to provide inspection, testing and certification services of fire and backflow systems, and to provide training and maintenance services on an **'as and when required'** basis.

Regular hours: Weekdays 08:00 to 16:30 hrs.

Outside regular hours: Monday to Friday 16:30 to 08:00 including weekends and Stat Holidays

This is a non-smoking, scent free facility.

SERVICES REQUIRED:

1. The contractor will be required to perform the following Scheduled services:
 - A) WEEKLY INSPECTIONS of one (1) Wet Sprinkler System and one (1) Dry Sprinkler System
 - B) MONTHLY INSPECTIONS of all 2.5lb - 30lb Fire Extinguishers
 - C) QUARTERLY TESTING of Wet Sprinkler System
 - D) BI-ANNUAL INSPECTION (June and December) of two (2) Range Hood Fire Suppression Systems
 - E) ANNUAL INSPECTIONS and CERTIFICATION (December) Services of all Fire extinguishers (according to Annex J - Inspection Sheets); all Fire Suppression systems and; all Backflow Preventers (includes December's Monthly and Bi-Annual Inspections)
 - F) ANNUAL TESTING of Wet Sprinkler System
 - G) ANNUAL 3 YEAR TESTING of Dry Sprinkler System
2. The contractor will be required to provide one (1) Fire Extinguisher TRAINING for 10 - 20 staff. At a minimum, training will include:
 - Anatomy of a Fire Extinguisher,
 - Fire Extinguisher Classification and Uses,
 - Proper Use of a Fire Extinguisher (PASS),
 - When to use a Fire Extinguisher,
 - Fire Tetrahedron
3. The contractor will be required to provide **'as and when required'** services as follows :
 - A) Five (5) year Fire Extinguisher HYDROSTATIC TESTING on all CO2 models.
 - B) Six (6) year Fire Extinguisher MAINTENANCE on all dry chemical models
 - C) Twelve (12) year Fire Extinguisher HYDROSTATIC TESTING on all dry chemical models.
4. Equipment installation and decommission services when required.
5. Temporary replacement extinguishers for any having to be removed for servicing.
6. 'IF' repairs or servicing are required :

-
- the Contractor will provide a written cost estimate as per the Additional Terms and Conditions Article 7 to the Facility Manager within three (3) days of completing the inspections
 - the Contractor will not proceed with repairs until written approval is received from the Facility Manger

Additional Terms and Conditions of Work

1. This Contract does not create an exclusive right of the Contractor to perform all the work that may be required. AAFC reserves the right to have any work done by other means.
2. Post Award / Site Orientation Meeting
 1. The Offeror will be required to attend a Post Contract award site orientation meeting with the Facility Manager prior to the commencement of any work. This walk through will facilitate the familiarization of the building layout and where specific safety devices such as emergency showers, eyewash stations, First Aid Kits, MSDS binders and fire extinguishers are located.
 2. The walk through will include where all building exits are located and where the muster point is located in the event of an emergency situation and *any information required to carry out the work.*
3. Upon request the Offeror shall furnish the Facility Manager with a copy of their company's Occupational Health and Safety Policy and Program. It shall meet the more stringent of the Federal and Provincial Occupational Health and Safety Acts.
4. AAFC will submit the names of the proposed resources as required in the mandatory section, to Government of Canada's Security Office to undergo screening for Reliability security clearances.

The Offeror's personnel requiring access to the work site(s) must EACH hold a valid personnel security screening at the level of RELIABILITY STATUS, granted or approved by Agriculture and Agri-Food Canada.

No resource of the Contractor shall be allowed on site until clearances have been established. **This requirement must be updated when staff changes occur.**

Each of the proposed staff, who do not hold a valid clearance, will be required to complete a "Security Clearance Form" (TBS 330-23E) upon request from Canada.
5. Only licensed Fire Extinguisher and Backflow Testing technicians certified in the province of Alberta to perform or work on fire and backflow systems outlined in this contract.
6. Service is to be provided by one (1) Technician at a time only, unless a specific request is made in writing to, and approved by, the Facility Manager or designate.
7. The Offeror may be required to provide a written estimate for repair work and new installations. The estimate must include:
 1. Cost for all Materials and replacement parts.
 2. Mark-up
 3. Estimated number of hours for labour and rates
 4. Applicable taxes will be shown as a separate item.

-
8. AAFC reserves the right to supply material and replacement parts to the Offeror.
 9. The Offeror must be available to provide routine maintenance and emergency repairs to breakdowns within the following response times:
 1. Routine Maintenance:
For routine maintenance requirements, the Contractor must be on site within 48 hours of a service call.
 2. Emergency Repairs:
For deficiencies or breakdowns that require immediate attention, the Contractor must reply within two (2) hours of the service call and be on site within eight (8) hours. The work will commence within 24 hours and continue until problem is rectified.
 3. Response Time for Non Scheduled Work
Contractor is to respond to AAFC within 24 hours for work that is not scheduled and the actual work will be performed within a time frame that is mutually agreed to by both parties.
 10. The Offeror's resources shall report to the Facility Manager or designate upon arrival. Identification and sign in is required at the reception desk in Building # 21.
 11. Any shutdown to execute service or repair must first be approved by the Facility Manager.
 12. The Offeror and its resources will be responsible to maintain the integrity of the existing facility. Any damages to the facility caused by the Contractor must be repaired by the Offeror to its original condition.
 13. The Offeror shall ensure that all applicable personal protective equipment (PPE) is used.
 14. The Offeror is to supply all tools and equipment required to provide work under the Contract.
 15. Equipment and materials to be new and CSA certified. Deliver, store and maintain materials with manufacturer's seal and labels intact.
 16. Additions, relocations or removal of equipment or systems are to be recorded, dated and initialed by the Contractor on the worksheets.
 17. Power activated devices using explosives shall not be used, unless authorized by the Facility Manager.
 18. The Offeror shall provide training to AAFC's maintenance staff and user groups on operation and maintenance procedures on all new installations. The Contractor shall supply shop drawings and manufacturer's instructions and specifications on all new installations, if requested.
 19. Upon request the Offeror will provide a detailed work order explaining the Work undertaken to the Facility Manager.
 20. The Offeror shall complete all applicable log books before leaving the site each day outlining all work performed in the facility.
 21. Upon request the Offeror will provide AAFC with a wholesaler's invoice complete with parts pricing.

-
22. The Offeror shall provide AAFC an invoice complete with a detailed breakdown of all parts, material and labour used. This invoice must clearly reference all work sheets associated with the service call.
 23. Provide an electronic copy of maintenance of data and service records to the Facility Manager with 30 calendar days following completion of all inspections, certifications and services performed.
 24. Provide a cost estimate with a list of discrepancies, parts / services / maintenance required to the Facility Manager for review and approval to prior to proceeding with the work.
 25. An inspection report is to be prepared showing all components tested, repaired or replaced and is to be submitted with the invoice.
 26. Upon request the Offeror must provide a copy of the Material Safety Data Sheet (MSDS) to the Facility Manager.
 27. **Materials & WHMIS Compliance**

Upon request by the Facility Manager, the Offeror must provide proof of up-to-date WHMIS training for all employees working on site.

 1. The Offeror shall use as many low toxicity / environmentally friendly products as practical (use products displaying the Environmental Choice Eco-logo). Samples of Controlled Products may be required for WHMIS Compliance testing to ensure that all materials used meet the Canadian General Standards Board Qualified Products criteria.
 2. The Offeror shall ensure that, where substances classified as controlled products under the Control Products Regulations are to be used in Crown-owned facilities and their employees receive appropriate training as per Provincial / Federal Regulations and the Workplace Hazardous Materials Information System (WHMIS). Proof of up to date WHMIS training, for all employees working on site, must be supplied to the Facility Manager.
 3. The Offeror shall ensure that all controlled products are identified to the Facility Manager. Where controlled products are to be used at Federal occupied facilities the Facility Manager will have the authority to review all work to be performed, and where applicable, stop contract work related to the use of controlled products until safety and health concerns are resolved.
 4. The Offeror must advise the Facility Manager when controlled products are to be brought into Crown-owned or occupied facilities. Material Safety Data Sheets (MSDS), for all controlled products stored or used on site, are to be in a conspicuous WHMIS binder located in each building.
 5. All containers brought into Crown-owned facilities containing controlled products must be labeled in accordance with WHMIS regulations. The Offeror shall ensure that no down-the-drain disposal for controlled waste liquids will occur. MSDS instructions for product disposal must be followed at all times.
 28. The following codes and standards are in effect at the time of award are subject to change / revision. The latest edition of each shall be enforced during the term of the Standing Offer.
 - Treasury Board of Canada
 - All applicable Canada Standards Association (CSA) standards and regulations
 - Canadian Environmental Protection Act

-
- National Building Code of Canada
 - National Fire code
 - Part II of the Canada Labour Code
 - Canadian Occupational Safety and Health Section of Part II of the Canada Labour Code
 - Fire Commissioner of Canada FC 301 Standard for Construction Operations
 - Provincial and Territorial Acts and Regulations
 - Canadian Construction and Labour Safety Codes; Provincial Government Workers' Compensation board and Municipal Statutes and Authorities
 - Canadian Electrical Code, Part I, CSA 22.1 1998
 - Canadian Plumbing Code
 - Materials and workmanship must conform to or exceed applicable standards of Canadian Government Specification Board (CGSB), CSA, American Society for Testing Materials (ASTM) and referenced organizations.

In the event of a conflict between any of the above codes or standards, the most stringent shall apply.

ANNEX "B" – BASIS OF PAYMENT

B1 Firm Price

In consideration of the Contractor satisfactorily completing all of its obligations under the Contract, the Contractor will be paid a firm unit price(s), as specified in Annex B for a cost of \$ _____. Customs duties are included, and Applicable Taxes are extra.

Canada will not pay the Contractor for any design changes, modifications or interpretations of the Work, unless they have been approved, in writing, by the Contracting Authority before their incorporation into the Work.

B2 Contract Payment

2.1 Subject to this Contract, Her Majesty will pay the Contractor the following amounts for the performance by the Contractor of the work as outlined in the Statement of Work :

(AAFC to insert amounts at Standing Offer award)

1. **Pricing For Initial Contract Period**

(MONTH) 1, 2023 – (MONTH) 31, 2024 *(To be inserted at Standing Offer award)*

Applicable taxes will be shown as a separate item.

ANNEX "C" - MANDATORY TECHNICAL CRITERIA

MANDATORY REQUIREMENTS

Failure to comply with any of the mandatory requirements will render the submission non-compliant and will receive no further consideration. The **Proposer must include the necessary documentation to demonstrate this compliance.**

In order for Quotations to be accepted for further evaluation, all of the following mandatory requirements must be met.

1) PROPOSED RESOURCES

- a) The Bidder must propose and provide the names of at least two (2) Technicians who will be available to provide services under the resulting contract.

2) CERTIFICATIONS / QUALIFICATIONS:

The Bidder must provide :

- a) Proof that each Technician proposed has completed training on a Notifier System
- b) A Fire Inspection and Backflow Testing certificate for each Technician proposed

The Offeror must clearly demonstrate in its bid how it meets each of the following mandatory criteria and include the necessary documentation to demonstrate compliance where applicable.

ANNEX "D" - FINANCIAL EVALUATION CRITERIA

BID DOCUMENT

AAFC will not accept separate pricing or additional charges for any time spent travelling to the AAFC work site (including any accommodations, transportation, truck or mileage charges, meals and incidental allowances). The Unit Price Offered shall include all time and travel-related costs to and from the AAFC work site.

Column B (Unit Price Offered) must be completed for all line items for your Offer to be considered compliant.

The estimates provided in Column A will be used for cost evaluation purposes only and do not constitute a guarantee or commitment of work on behalf of Canada.

ANNEX "E" - FORMER PUBLIC SERVANTS

Contracts awarded to former public servants (FPS) in receipt of a pension or of a lump sum payment must bear the closest public scrutiny, and reflect fairness in the spending of public funds. In order to comply with Treasury Board policies and directives on contracts awarded to FPSs, bidders must provide the information required below before contract award. If the answer to the questions and, as applicable the information required have not been received by the time the evaluation of bids is completed, Canada will inform the Bidder of a time frame within which to provide the information. Failure to comply with Canada's request and meet the requirement within the prescribed time frame will render the bid non-responsive.

Definitions

For the purposes of this clause, "former public servant" is any former member of a department as defined in the Financial Administration Act, R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police. A former public servant may be:

- a. an individual;
- b. an individual who has incorporated;
- c. a partnership made of former public servants; or
- d. a sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.

"lump sum payment period" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the size of the Public Service. The lump sum payment period does not include the period of severance pay, which is measured in a like manner.

"pension" means a pension or annual allowance paid under the Public Service Superannuation Act (PSSA), R.S., 1985, c. P-36, and any increases paid pursuant to the Supplementary Retirement Benefits Act, R.S., 1985, c. S-24 as it affects the PSSA. It does not include pensions payable pursuant to the Canadian Forces Superannuation Act, R.S., 1985, c. C-17, the Defence Services Pension Continuation Act, 1970, c. D-3, the Royal Canadian Mounted Police Pension Continuation Act, 1970, c. R-10, and the Royal Canadian Mounted Police Superannuation Act, R.S., 1985, c. R-11, the Members of Parliament Retiring Allowances Act, R.S. 1985, c. M-5, and that portion of pension payable to the Canada Pension Plan Act, R.S., 1985, c. C-8.

Former Public Servant in Receipt of a Pension

As per the above definitions, is the Bidder a FPS in receipt of a pension? Yes () No ()

If so, the Bidder must provide the following information, for all FPSs in receipt of a pension, as applicable:

- a. name of former public servant;
- b. date of termination of employment or retirement from the Public Service.

By providing this information, Bidders agree that the successful Bidder's status, with respect to being a former public servant in receipt of a pension, will be reported on departmental websites as part of the published proactive disclosure reports in accordance with Contracting Policy Notice: 2019-01 and the Guidelines on the Proactive Disclosure of Contracts.

Work Force Adjustment Directive

Is the Bidder a FPS who received a lump sum payment pursuant to the terms of the Work Force Adjustment Directive? Yes () No ()

If so, the Bidder must provide the following information:

- a. name of former public servant;
- b. conditions of the lump sum payment incentive;
- c. date of termination of employment;
- d. amount of lump sum payment;
- e. rate of pay on which lump sum payment is based;
- f. period of lump sum payment including start date, end date and number of weeks;
- g. number and amount (professional fees) of other contracts subject to the restrictions of a work force adjustment program.

ANNEX “F” – LIST OF NAMES FOR INTEGRITY VERIFICATION FORM

Requirements

Section 17 of the Ineligibility and Suspension Policy (the Policy) requires suppliers, regardless of their status under the Policy, to submit a list of names when participating in a procurement process. The required list differs depending on the Bidder’s or Offeror’s organizational structure:

- Suppliers including those bidding as joint ventures, whether incorporated or not, must provide a complete list of the names of all current directors.
- Privately owned corporations must provide a list of the owners’ names.
- Suppliers bidding as sole proprietors, including sole proprietors bidding as joint ventures, whether incorporated or not, must provide a complete list of the names of all owners.
- Suppliers that are a partnership do not need to provide a list of names.

Suppliers may use this form to provide the required list of names with their bid or offer submission. Failure to submit this information with a bid or offer, where required, will render a bid or offer non-responsive, or the supplier otherwise disqualified for award of a contract or real property agreement. Please refer to Information Bulletin: Required information to submit a bid or offer for additional details.

Name	Title

Declaration

I, _____, **(name)**
 _____, **(position)** of
 _____, **(supplier’s name)** declare that the information provided in this Form is, to the best of my knowledge and belief, true, accurate and complete. I am aware that failing to provide the list of names will render a bid or offer non-responsive, or I will be otherwise disqualified for award of a contract or real property agreement. I am aware that during the bid or offer evaluation stage, I must, within 10 working days, inform the Contracting Authority in writing of any changes affecting the list of names submitted. I am also aware that after contract award I must inform the Registrar of Ineligibility and Suspension within 10 working days of any changes to the list of names submitted.

Signature: _____

Date: _____

ANNEX “G” – TO PART 3 OF THE BID SOLICITATION

ELECTRONIC PAYMENT INSTRUMENTS

The Bidder accepts any of the following Electronic Payment Instrument(s):

- Direct Deposit (Domestic and International);
- Electronic Data Interchange (EDI);
- Wire Transfer (International Only);

ANNEX “H” - INSURANCE REQUIREMENTS

The Offeror must provide a Certificate of Insurance that meets the following:

A) Commercial General Liability Insurance

1. The Contractor must obtain Commercial General Liability Insurance, and maintain it in force throughout the duration of the Contract, in an amount usual for a contract of this nature, but for not less than \$2,000,000 per accident or occurrence and in the annual aggregate.
2. The Commercial General Liability policy must include the following:
 - a. Additional Insured: Canada is added as an additional insured, but only with respect to liability arising out of the Contractor's performance of the Contract. The interest of Canada should read as follows: *Her Majesty the Queen in the right of Canada as represented by the Minister.*
 - b. Bodily Injury and Property Damage to third parties arising out of the operations of the Contractor.
 - c. Products and Completed Operations: Coverage for bodily injury or property damage arising out of goods or products manufactured, sold, handled, or distributed by the Contractor and/or arising out of operations that have been completed by the Contractor.
 - d. Personal Injury: While not limited to, the coverage must include Violation of Privacy, Libel and Slander, False Arrest, Detention or Imprisonment and Defamation of Character.
 - e. Cross Liability/Separation of Insureds: Without increasing the limit of liability, the policy must protect all insured parties to the full extent of coverage provided. Further, the policy must apply to each Insured in the same manner and to the same extent as if a separate policy had been issued to each.
 - f. Blanket Contractual Liability: The policy must, on a blanket basis or by specific reference to the Contract, extend to assumed liabilities with respect to contractual provisions.
 - g. Employees and, if applicable, Volunteers must be included as Additional Insured.
 - h. Employers' Liability (or confirmation that all employees are covered by Worker's compensation (WSIB) or similar program).
 - i. Broad Form Property Damage including Completed Operations: Expands the Property Damage coverage to include certain losses that would otherwise be excluded by the standard care, custody or control exclusion found in a standard policy.
 - j. Notice of Cancellation: The Contractor will provide the Contracting Authority thirty (30) days prior written notice of policy cancellation or any changes to the insurance policy.
 - k. If the policy is written on a claims-made basis, coverage must be in place for a period of at least 12 months after the completion or termination of the Contract.

-
- i. Owners' or Contractors' Protective Liability: Covers the damages that the Contractor becomes legally obligated to pay arising out of the operations of a subcontractor.
 - m. Non-Owned Automobile Liability - Coverage for suits against the Contractor resulting from the use of hired or non-owned vehicles.
 - n. Sudden and Accidental Pollution Liability (minimum 120 hours): To protect the Contractor for liabilities arising from damages caused by accidental pollution incidents.

Litigation Rights: Pursuant to subsection 5(d) of the [Department of Justice Act](#), S.C. 1993, c. J-2, s.1, if a suit is instituted for or against Canada which the Insurer would, but for this clause, have the right to pursue or defend on behalf of Canada as an Additional Named Insured under the insurance policy, the Insurer must promptly contact the Attorney General of Canada to agree on the legal strategies by sending a letter, by registered mail or by courier, with an acknowledgement of receipt.

For the province of Quebec, send to:

Director Business Law Directorate,
Quebec Regional Office (Ottawa),
Department of Justice,
284 Wellington Street, Room SAT-6042,
Ottawa, Ontario, K1A 0H8

For other provinces and territories, send to:

Senior General Counsel,
Civil Litigation Section,
Department of Justice
234 Wellington Street, East Tower
Ottawa, Ontario K1A 0H8

A copy of the letter must be sent to the Contracting Authority. Canada reserves the right to co-defend any action brought against Canada. All expenses incurred by Canada to co-defend such actions will be at Canada's expense. If Canada decides to co-defend any action brought against it, and Canada does not agree to a proposed settlement agreed to by the Contractor's insurer and the plaintiff(s) that would result in the settlement or dismissal of the action against Canada, then Canada will be responsible to the Contractor's insurer for any difference between the proposed settlement amount and the amount finally awarded or paid to the plaintiffs (inclusive of costs and interest) on behalf of Canada.

ANNEX "I" - SECURITY REQUIREMENTS CHECK LIST

Government of Canada / Gouvernement du Canada

Commentaires spéciaux : _____

NOTE: If multiple levels of screening are identified, a Security Classification Guide must be provided.
REMARQUE : Si plusieurs niveaux de contrôle de sécurité sont requis, un guide de classification de la sécurité doit être fourni.

10. b) May unscreened personnel be used for portions of the work?
Du personnel sans autorisation sécuritaire peut-il se voir confier des parties du travail? No Yes
Non Oui
If Yes, will unscreened personnel be escorted?
Dans l'affirmative, le personnel en question sera-t-il escorté? No Yes
Non Oui

PART C - SAFEGUARDS (SUPPLIER) / PARTIE C - MESURES DE PROTECTION (FOURNISSEUR)

INFORMATION / ASSETS / RENSEIGNEMENTS / BIENS

11. a) Will the supplier be required to receive and store PROTECTED and/or CLASSIFIED information or assets on its site or premises?
Le fournisseur sera-t-il tenu de recevoir et d'entreposer sur place des renseignements ou des biens PROTÉGÉS et/ou CLASSIFIÉS? No Yes
Non Oui

11. b) Will the supplier be required to safeguard COMSEC information or assets?
Le fournisseur sera-t-il tenu de protéger des renseignements ou des biens COMSEC? No Yes
Non Oui

PRODUCTION

11. c) Will the production (manufacture, and/or repair and/or modification) of PROTECTED and/or CLASSIFIED material or equipment occur at the supplier's site or premises?
Les installations du fournisseur serviront-elles à la production (fabrication et/ou réparation et/ou modification) de matériel PROTÉGÉ et/ou CLASSIFIÉ? No Yes
Non Oui

INFORMATION TECHNOLOGY (IT) MEDIA / SUPPORT RELATIF À LA TECHNOLOGIE DE L'INFORMATION (TI)

11. d) Will the supplier be required to use its IT systems to electronically process, produce or store PROTECTED and/or CLASSIFIED information or data?
Le fournisseur sera-t-il tenu d'utiliser ses propres systèmes informatiques pour traiter, produire ou stocker électroniquement des renseignements ou des données PROTÉGÉS et/ou CLASSIFIÉS? No Yes
Non Oui

11. e) Will there be an electronic link between the supplier's IT systems and the government department or agency?
Disposera-t-on d'un lien électronique entre le système informatique du fournisseur et celui du ministère ou de l'agence gouvernementale? No Yes
Non Oui

PART C - (continued) / PARTIE C - (suite)

For users completing the form **manually** use the summary chart below to indicate the category(ies) and level(s) of safeguarding required at the supplier's site(s) or premises.

Les utilisateurs qui remplissent le formulaire **manuellement** doivent utiliser le tableau récapitulatif ci-dessous pour indiquer, pour chaque catégorie, les niveaux de sauvegarde requis aux installations du fournisseur.

For users completing the form **online** (via the Internet), the summary chart is automatically populated by your responses to previous questions.

Dans le cas des utilisateurs qui remplissent le formulaire **en ligne** (par Internet), les réponses aux questions précédentes sont automatiquement saisies dans le tableau récapitulatif.

12. a) Is the description of the work contained within this SRCL PROTECTED and/or CLASSIFIED? No / Non Yes / Oui
 La description du travail visé par la présente LVERS est-elle de nature PROTÉGÉE et/ou CLASSIFIÉE?

If Yes, classify this form by annotating the top and bottom in the area entitled "Security Classification".
 Dans l'affirmative, classifiez le présent formulaire en indiquant le niveau de sécurité dans la case intitulée « Classification de sécurité » au haut et au bas du formulaire.

12. b) Will the documentation attached to this SRCL be PROTECTED and/or CLASSIFIED? No / Non Yes / Oui
 La documentation associée à la présente LVERS sera-t-elle PROTÉGÉE et/ou CLASSIFIÉE?

If Yes, classify this form by annotating the top and bottom in the area entitled "Security Classification" and indicate with attachments (e.g. SECRET with Attachments).
 Dans l'affirmative, classifiez le présent formulaire en indiquant le niveau de sécurité dans la case intitulée « Classification de sécurité » au haut et au bas du formulaire et indiquez qu'il y a des pièces jointes (p. ex. SECRET avec des pièces jointes).

ANNEX "J" – INSPECTION SHEETS

310-1211: FIRE EXTINGUISHERS, PORTABLE
Monthly Inspection Check List

Frequency: Monthly
Regulations: NFC 6.2.4, NFPA 10

CHECK LIST INSTRUCTIONS

1. Ensure Extinguishers are in designated places, are properly mounted and Extinguisher types suit the area.
2. Ensure Extinguishers are not obstructed and visible.
3. Ensure operating instructions on nameplate is legible and facing outward.
4. Ensure seal and tamper indicators are not broken or missing.
5. Determine fullness of water extinguishers without gauges by weighing or hefting.
6. Examine Extinguishers for obvious physical damage, corrosion, leakage or clogged nozzles.
7. Ensure the pressure gauge reading or indicator is in the operable range or position.
8. Provide replacement extinguishers as required
9. Record date of inspection on tag and initial.

Completed by : _____

Date : _____

**310-0111 FIRE EXTINGUISHERS, PORTABLE
Annual Inspection Check List**

Frequency: Annual
Regulations: NFC 6.2.4, NFPA 10

CHECK LIST INSTRUCTIONS

1. All tests as required by Inspection Sheet # 310-1211 (Monthly)
2. Pressurized Extinguishers
 - a. Check each extinguisher's purchase date or date of last hydrostatic test
 - b. Perform Hydrostatic test on extinguishers that are due
3. Sign, date and attach Inspection Tags

Completed by : _____

Date : _____

312-0111 FIRE EXTINGUISHER SYSTEM - DRY CHEMICAL

Annual Check List

Page 1 of 3

Frequency: Annual

Regulations: NFC 6.3.1.2, NFC 6.8, NFPA 12, CAN/ULC - S536-M86 5.1

Requirements: Disarm System prior to test.

Inform the occupants and the local fire department of the alarm testing feature

Ensure all equipment lock-out and safety practices are followed.

CHECK LIST INSTRUCTIONS

1. All tests as required on Inspection Sheet # 312-0211 (Monthly)
 - a. Visually inspect the installation for any damage or obstructions to the piping, cylinders and components.
 - b. Ensure operating and maintenance instructions are posted in proximity to the equipment and near the manual release controls.
 - c. Check all seals on control valves are intact and visual indicators on release devices are in 'set' position.
 - d. Check pressure on system and cylinders are within proper range.
 - e. Check for any changes in the hazard protected or in the enclosure.
 - f. Weigh cylinders. Any loss in content greater than 10%, the cylinder must be replaced.
 - g. Inspect the cylinders for physical damage, pitting or corrosion.
 - h. Secure all cylinders against movement.
2. Ensure operating and maintenance instructions are posted in proximity to the equipment and near the manual release controls.
3. Check overall physical appearance of the installation. Ensure there is no change in the type or size of the hazard being protected.
5. Control Panel
 - a) Exercise all functions.
 - b) Check supervision of each circuit and release devices by removing a wire from components for both visual and audible trouble alarms.
6. Power Supply
 - a) Check routing, circuit breakers, fuses, disconnects.
7. Emergency Power
 - a) Check battery condition, charger operation, fuse.
 - b) Check automatic change over, generator.

312-0111 FIRE EXTINGUISHER SYSTEM - DRY CHEMICAL

Annual Check List

Page 2 of 3

8. Detectors
 - a) Test each detector.
 - b) Clean and adjust smoke detectors, check sensitivity.
 - c) Check wiring.
7. Time Delay
 - a) Exercise control check and time limit.
 - b) Check times to complete even when wiring between timer and detector circuit is interrupted.
8. Alarms
 - a) Test audible and visual alarms.
9. Selector
 - a) Exercise the directional control valves.
 - b) Reset to operational position.
10. Release Devices
 - a) Check automatic change over, generator.
 - b) Check door closer operation.
11. Equipment Shutdown
 - a) Test and check that all necessary equipment is included in the shutdown.
12. Manual Releases
 - a) Inspect the manual release, accessibility, check the pull force and length of pull required to operate the release. Adjust devices as necessary.
 - b) Check tightness of connections, condition of the conduct (cable) and corner pulleys.
13. Electric Releases
 - a) Test the operation, check all covers in place and reset the release.
 - b) Ensure the main and reserve release manual pulls are separate and identified
14. Piping
 - a) Check that piping is secure, well supported, not subjected to any other use and in good condition.
15. Nozzles
 - a) Check the nozzles are clean and secure and the seals (blow off caps) are in place.
 - b) Check the nozzle orifice size and type is the original and not a replacement type.

312-0111 FIRE EXTINGUISHER SYSTEM - DRY CHEMICAL

Annual Check List

Page 3 of 3

16. Dry Chemical Cylinders
- a) Weigh contents and replace cylinder if contents loss is greater than 10%.
 - b) Inspect date of cylinder purchase or of last hydrostatic test. Cylinders in continuous service without discharging may remain in service for 12 years without hydrostatic testing. Cylinders discharged must have a hydrostatic test if more than 5 years has elapsed. Arrange for hydrostatic testing as required.
 - c) Check cylinder connectors, weights and cables, release devices as applicable.
 - d) Inspect the cylinders for physical damage, pitting or corrosion.
 - e) If possible, open and check dry chemical in cylinder and stored pressure system to ensure it is free flowing and without lumps.
 - f) Check pressure on system and cylinders is within proper range.
 - g) Secure all cylinders against movement.
17. Sign and date all tags attached to cylinders and tags ensure tag is attached to the equipment.
