Further, when the Contract involves Controlled Goods and the entirety of the contracting activities are performed in a facility operated by the Department of National Defence (DND), the Contractor must sign an acknowledgement letter or follow any other requirements as prescribed by the Contracting Authority. 2.1.1 SACC Manual Clauses

SACC Manual clause [A9130T](#) (2019-11-28), Controlled Goods Program – Bid.

2.2 Submission of Bids

- (a) Unless specified otherwise in the RFP or otherwise directed by the Contracting Authority, bids must be submitted to the Department of National Defence organization by electronic mail by the date and time indicated on page 1 of the solicitation.

Canada will confirm receipt of documents. It is the Bidder's responsibility to ensure that their entire submission has been received. Bidders should not assume that all documents have been received unless Canada confirms receipt of each document. In order to minimize the potential for technical issues, bidders are requested to allow sufficient time before the closing date and time to confirm receipt. Bid documents **submitted** after the closing time and date will not be accepted.

2.3 Former Public Servant – Competitive Bid (*SACC Manual A3025T*) (2020-05-04)

Contracts awarded to former public servants (FPS) in receipt of a pension or of a lump sum payment must bear the closest public scrutiny, and reflect fairness in the spending of public funds. In order to comply with Treasury Board policies and directives on contracts awarded to FPSs, bidders must provide the information required below before contract award. If the answer to the questions and, as applicable the information required have not been received by the time the evaluation of bids is completed, Canada will inform the Bidder of a time frame within which to provide the information. Failure to comply with Canada's request and meet the requirement within the prescribed time frame will render the bid non-responsive.

Definitions

For the purposes of this clause, "former public servant" is any former member of a department as defined in the *Financial Administration Act*, R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police. A former public servant may be:

- (a) an individual;
- (b) an individual who has incorporated;
- (c) a partnership made of former public servants; or
- (d) a sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.

"lump sum payment period" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the size of the Public Service. The lump sum payment period does not include the period of severance pay, which is measured in a like manner.

"pension" means a pension or annual allowance paid under the *Public Service Superannuation Act* (PSSA), R.S., 1985, c. P-36, and any increases paid pursuant to the *Supplementary Retirement Benefits Act*, R.S., 1985, c. S-24 as it affects the PSSA. It does not include pensions payable pursuant to the *Canadian Forces Superannuation Act*, R.S., 1985, c. C-17, the *Defence Services Pension Continuation Act*, 1970, c. D-3, the *Royal Canadian Mounted Police Pension Continuation Act*, 1970, c. R-10, and the *Royal Canadian Mounted Police Superannuation Act*, R.S., 1985, c. R-11, the *Members of Parliament Retiring Allowances Act*, R.S. 1985, c. M-5, and that portion of pension payable to the *Canada Pension Plan Act*, R.S., 1985, c. C-8.

Former Public Servant in Receipt of a Pension

As per the above definitions, is the Bidder a FPS in receipt of a pension? **Yes () No ()**

If so, the Bidder must provide the following information, for all FPSs in receipt of a pension, as applicable:

- (a) name of former public servant;
- (b) date of termination of employment or retirement from the Public Service.

By providing this information, Bidders agree that the successful Bidder's status, with respect to being a former public servant in receipt of a pension, will be reported on departmental websites as part of the published proactive disclosure reports in accordance with [Contracting Policy Notice: 2012-2](#) and the [Guidelines on the Proactive Disclosure of Contracts](#).

Work Force Adjustment Directive

Is the Bidder a FPS who received a lump sum payment pursuant to the terms of the Work Force Adjustment Directive? **Yes () No ()**

If so, the Bidder must provide the following information:

- (a) name of former public servant;
- (b) conditions of the lump sum payment incentive;
- (c) date of termination of employment;
- (d) amount of lump sum payment;
- (e) rate of pay on which lump sum payment is based;
- (f) period of lump sum payment including start date, end date and number of weeks;
- (g) number and amount (professional fees) of other contracts subject to the restrictions of a work force adjustment program.

For all contracts awarded during the lump sum payment period, the total amount of fees that may be paid to a FPS who received a lump sum payment is \$5,000, including Applicable Taxes.

2.4 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than 5 calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by Bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated and the enquiry can be answered to all Bidders. Enquiries not submitted in a form that can be distributed to all Bidders may not be answered by Canada.

2.5 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Bidders.

2.6 Conflict of Interest

The Bidder acknowledges and agrees that under any resultant contract, its performance of the Work may be deemed to be in conflict of interest, real or perceived, for bidding on any future solicitations. For this reason, the Bidder acknowledges and agrees that should it be awarded a contract pursuant to this bid

solicitation, it will be precluded from bidding on any future solicitations on which its resource(s) has participated in the preparation in any of the solicitation documents.

2.7 Bid Challenge and Recourse Mechanisms

(a) Several mechanisms are available to potential suppliers to challenge aspects of the procurement process up to and including contract award.

(b) Canada encourages suppliers to first bring their concerns to the attention of the Contracting Authority. Canada's [Buy and Sell](#) website, under the heading "[Bid Challenge and Recourse Mechanisms](#)" contains information on potential complaint bodies such as:

- Office of the Procurement Ombudsman (OPO)
- Canadian International Trade Tribunal (CITT)

(c) Suppliers should note that there are strict deadlines for filing complaints, and the time periods vary depending on the complaint body in question. Suppliers should therefore act quickly when they want to challenge any aspect of the procurement process.

PART 3 - BID PREPARATION INSTRUCTIONS

3.1 Bid Preparation Instructions

The bid must be gathered per section and separated as follows:

Section I: Technical Bid: one (1) soft copy submitted by e-mail;

Section II: Financial Bid: one (1) soft copy submitted by e-mail; and

Section III: Certifications: one (1) soft copy submitted by e-mail.

Prices must appear in the financial section only. No prices must be indicated in any other section of the bid.

Canada requests that Bidders follow the format instructions described below in the preparation of their bid:

- 1) Use a numbering system that corresponds to that of the bid solicitation;
- 2) Include a title page at the front of each section of the bid that includes the title, date, bid solicitation number, Bidder's name and address and contact information of its representative; and
- 3) Include a table of contents.

Section I: Technical Bid

In their technical bid, Bidders should demonstrate their understanding of the requirements contained in the bid solicitation and explain how they will meet these requirements. Bidders should demonstrate their capability in a thorough, concise and clear manner for carrying out the work.

The technical bid should address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated. Simply repeating the statement contained in the bid solicitation is not sufficient. In order to facilitate the evaluation of the bid, Canada requests that Bidders address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, Bidders may refer to different sections of their bids by identifying the specific paragraph and page number where the subject topic has already been addressed.

Section II: Financial Bid

3.1.1 Bidders must submit their financial bid in accordance with the Pricing Schedule detailed in Attachment 2 to Part 4.

3.1.2 Rates – Resources

Bidders must submit firm rates for all categories of resources listed in Attachment 2 to Part 4.

3.1.3 Exchange Rate Fluctuation

C3011T (2013-11-06), Exchange Rate Fluctuation

Section III: Certifications

Bidders must submit the certifications and additional information required under Part 5.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids.

4.1.1 Technical Evaluation

Mandatory and point-rated technical evaluation criteria are included in Attachment 1 to Part 4.

4.1.2 Financial Evaluation

The pricing score will be determined in accordance with the Pricing Schedule detailed in Attachment 2 to Part 4.

4.1.2.1 Mandatory Financial Criteria

SACC Manual Clause [A0220T](#) (2014-06-26), Evaluation of Price – Bid.

4.2 Basis of Selection - - Lowest Evaluated Price Per Point

4.2.1 To be declared responsive, a bid must:

- (a) comply with all the requirements of the bid solicitation;
- (b) meet all the mandatory evaluation criteria; and
- (c) obtain the required minimum number of points specified in Attachment 1 to Part 4 for the point rated technical criteria.

4.2.2 Bids not meeting (a) or (b) or (c) will be declared non-responsive. Neither the responsive bid obtaining the highest number of points nor the one with the lowest evaluated price will necessarily be accepted.

4.2.3 Canada intends to award one (1) contract.

4.2.4 The responsive bid with the lowest bid evaluated price per point will be recommended for award of a contract. In the event two or more responsive bids have the same lowest bid evaluated price per point, the responsive bid that obtained the highest score for PRT3 will be recommended for award of a contract.

4.3 Technical Evaluation

4.3.1 Joint Venture Experience

- (a) Where the Bidder is a joint venture with existing experience as that joint venture, it may submit the experience that it has obtained as that joint venture.

Example: A bidder is a joint venture consisting of members L and O. A bid solicitation requires that the bidder demonstrate experience providing maintenance and help desk services for a period of 24 months to a customer with at least 10,000 users. As a joint venture (consisting of members L and O), the bidder has previously done the work. This bidder can

use this experience to meet the requirement. If member L obtained this experience while in a joint venture with a third party N, however, that experience cannot be used because the third party N is not part of the joint venture that is bidding.

- (b) A joint venture bidder may rely on the experience of one of its members to meet any given technical criterion of this bid solicitation.

Example: A bidder is a joint venture consisting of members X, Y and Z. If a solicitation requires: (a) that the bidder have 3 years of experience providing maintenance service, and (b) that the bidder have 2 years of experience integrating hardware with complex networks, then each of these two requirements can be met by a different member of the joint venture. However, for a single criterion, such as the requirement for 3 years of experience providing maintenance services, the bidder cannot indicate that each of members X, Y and Z has one year of experience, totaling 3 years. Such a response would be declared non-responsive.

- (c) Joint venture members cannot pool their abilities with other joint venture members to satisfy a single technical criterion of this bid solicitation. However, a joint venture member can pool its individual experience with the experience of the joint venture itself. Wherever substantiation of a criterion is required, the Bidder is requested to indicate which joint venture member satisfies the requirement. If the Bidder has not identified which joint venture member satisfies the requirement, the Contracting Authority will provide an opportunity to the Bidder to submit this information during the evaluation period. If the Bidder does not submit this information within the period set by the Contracting Authority, its bid will be declared non-responsive.

Example: A bidder is a joint venture consisting of members A and B. If a bid solicitation requires that the bidder demonstrate experience providing resources for a minimum number of 100 billable days, the bidder may demonstrate that experience by submitting either:

- Contracts all signed by A;
- Contracts all signed by B; or
- Contracts all signed by A and B in joint venture, or
- Contracts signed by A and contracts signed by A and B in joint venture, or
- Contracts signed by B and contracts signed by A and B in joint venture.

that show in total 100 billable days.

- (d) Any Bidder with questions regarding the way in which a joint venture bid will be evaluated should raise such questions through the Enquiries process as early as possible during the bid solicitation period.

Attachment 1 to Part 4, Mandatory and Point-Rated Requirements for the Provision of Environmental Consultant for Director Aerospace Equipment Business Management (DAEBM) 2.

Mandatory Technical Criteria

- 1.1 The bid must meet the mandatory technical criteria specified below. The Bidder must provide the necessary documentation to support compliance with this requirement.
- 1.2 Bids which fail to meet the mandatory technical criteria will be declared **NON-RESPONSIVE** and will not be evaluated further. Each mandatory technical criterion should be addressed separately.
- 1.3 The Bidder's proposal must include a *Curriculum Vitae* for all proposed resource(s). Each *Curriculum Vitae* must fully demonstrate how the proposed resource meets or exceeds each mandatory technical requirement and how the stated qualifications/experience were obtained. Simply listing or stating that a qualification or experience exists will not suffice for the purposes of demonstrated. The *Curriculum Vitae* must include details as to the where, when, month and year through which the stated qualifications/experience were obtained.
- 1.4 For the purposes of this evaluation, the demonstrated experience in the below Mandatory Requirements may happen concurrently. Overlaps in time, however, will only be counted once; e.g., if the resource worked at Company A from July to August 2012 and at Company B from August to October 2012, each month would only be counted once, resulting in a total working time of four (4) months.
- 1.5 Educational qualifications and professional certifications/designations **must** be supported by copies of appropriate documentation (degree, diploma or other verifiable proof). Failure to provide proof of certification/accreditation will result in a bid being declared non-responsive. The list of *recognized* Universities can be found on the Canadian Information Centre for International Credentials Directory, at the following website link: <http://www.cicic.ca/868/Search-the-Directory-of-Educational-Institutions-in-Canada/index.canada>.

ACCESS TO DND COMPUTER SYSTEMS AND NON-DISCLOSURE AGREEMENT

1. For purposes of carrying out its work under the Contract, the Contractor and its personnel as required, whether as employee, subcontractor, agent, or otherwise, must be given access to the DND Enterprise Resource Planning (ERP) application known as the Defence Resource Management Information System (DRMIS), also sometimes referred to as either one of its parent applications, the Financial Management Accounting System (FMAS) or the Materiel Acquisition and Support Information System (MASIS). The specific User Roles within DRMIS to which the Contractor must have access to carry out its work under the Contract are listed in Addendum 1 to Appendix 1 of this Annex. In performance of the work, the Contractor agrees that it and its personnel will restrict their use of and access to only the DRMIS data and associated data tables which are required to carry out the Work under the Contract and which reside in the DRMIS modules listed in the DRMIS modules listed in Addendum 1 to this Annex. The Contractor also agrees that neither it nor any of its personnel will access any information or data from DRMIS that is not specifically required to perform the work under the Contract nor use or disclose any such information or data for any purpose whatsoever. The Contractor agrees that it will by contract subject its subcontractors at any tier and agents who have access to DRMIS to the same obligation and restriction before any of them is permitted to access the DRMIS system.
2. The Contractor must require every individual personnel performing Work pursuant to the Contract and who will be given access to DRMIS to sign the Access and Non-Disclosure Agreement attached at the Appendix 1 to this Annex. The Contractor must deliver each such Access and Non-Disclosure Agreement to the Technical Authority before the individual personnel is permitted to access DRMIS.
3. The Contractor agrees to notify the Contracting Authority immediately when the Contractor becomes aware of any actual or potential breach of this Annex or of an Access and Non-Disclosure Agreement, including the name or names of the persons who have committed or have planned to commit a breach and all information that the Contractor is reasonably able to obtain as to the nature of the breach and the data in DRMIS that was accessed in breach of the Contract or the Agreement. The Contractor must immediately transmit to the Contracting Authority any notice it receives from a subcontractor at any tier of any breach or potential breach.
4. The Contractor agrees that where it becomes aware that any of its personnel or the personnel of any subcontractor at any tier have breached this Annex (or the equivalent in a subcontract at any tier) or an Access and Non-Disclosure Agreement, or have been given access to DRMIS without having been required to sign the Access and Non-Disclosure Agreement, and unless Canada determines that no advantage to a bidder in a procurement could have resulted from the breach, the Contractor must, for a period of two (2) years commencing on the date of the last possibility of access to DRMIS by that person, not use the services of or information from that person in preparing, participating in, or advising on any bid in a competitive procurement by Canada in which unauthorized access to DRMIS could provide an advantage to a bidder. The restriction in the preceding sentence applies as well to any bid of a subcontractor at any tier whose personnel is responsible for the breach, or to any bid in which the subcontractor at any tier, as applicable, is a participant, subcontractor or provides advice or assistance to a bidder. The Contractor agrees that Canada may, in a call for tenders or Request for Proposal for any such competitive procurement, provide that all bidders must certify that they have not, in the preparation of a bid, used the services of or information from a person who has committed a breach referred to in this paragraph whose name will be listed in the tender call or Request for Proposal documents.
5. The Contractor agrees that if Canada receives or discovers credible evidence, in the sole opinion of Canada, of a breach of this Annex or of an Access and Non-Disclosure Agreement, or such evidence sufficient to create a reasonable apprehension of such a breach that, in Canada's sole

opinion, if known would present a significant risk of a successful legal challenge to a competitive procurement, Canada will have sufficient grounds for disqualification of any bid of the Contractor or in which the Contractor is a participant, subcontractor or advisor, or if a contract has already been awarded to the bidder of such a bid, Canada will have sufficient grounds to terminate that contract for default. The Contractor will ensure that all subcontractors at any tier are aware of and bound by this provision and paragraph 6 below in relation to procurement by Canada or a contract awarded by Canada.

6. The remedies in paragraph 5 above are not applicable to a breach described in paragraph 4 above by personnel unless the conditions of paragraph 5 are met, and either (a) the breach was directed, requested or condoned by the Contractor's or subcontractor's management or supervisor of the personnel, as applicable, or (b) the Contractor or subcontractor, as applicable, has used or contributed in a bid information obtained as a result of such a breach, or has otherwise benefitted from the breach.
7. Canada has the right to monitor and record all activities associated with the use of DND computer systems.
8. Canada may, on written notice to the Contractor at least five (5) days before the effective date of the modifications, unilaterally make modifications to Appendix 1 to this Annex. Prior to the effective date of the modifications, the Contractor must deliver a copy of the revised Appendix 1 to its subcontractors at any tier who have access to DRMIS, and to its personnel who have access to DRMIS. On the effective date identified in the notice from Canada, regardless of whether the Contractor delivers a copy of the revised Appendix 1 to the affected parties, the revised Appendix 1 will come into effect for purposes of this Annex and all affected subcontracts and all Access and Non-Disclosure Agreements.

I, _____, recognize that in the course of my work as an employee or subcontractor of _____ I may be given access to information provided by or on behalf of Canada in connection with the work pursuant to Contract Serial No. W8485-23-SC02 between His Majesty the King in right of Canada, represented by the Minister of National Defence and _____ ("Prime Contractor"), including information that may be confidential or proprietary to third parties, and information conceived, developed or produced as part of the work under the contract. For the purposes of this agreement, information includes but is not limited to: any documents, specifications, instructions, guidelines, data, material, advice or any other information whether received orally, in printed form, recorded electronically, or otherwise and whether or not labeled as proprietary or sensitive, that is disclosed to a person or that a person becomes aware of during the performance of the Contract.

I agree that I will not reproduce, copy, use, divulge, release or disclose, in whole or in part, in whatever way or form any information described above or any information from the DRMIS system to any person other than a person employed by my employer or Canada who has a need to know for purposes of carrying out the work under the contract. I undertake to safeguard the same and take all necessary and appropriate measures required by my employer, including those set out in any written or oral instructions issued by Canada, to prevent the disclosure of or access to such information in contravention of this agreement.

I agree that any information provided to my employer by or on behalf of Canada must be used solely for the purpose of the work under the contract and will remain the property of Canada or a third party, as the case may be.

In addition to any remedies against me at law, I have been advised by my employer that, if it is demonstrated that I have breached this agreement, I may be prevented for a period of time from working on any bid in certain future competitive procurements by Canada.

I agree that the obligations of this agreement will survive the completion of the Contract Serial No.: W8485-23-SC02.
