1.2 Summary

Scope of Work

A Supply Arrangement (SA) is a method of supply where the client, under the framework of the Arrangement, may solicit bids from a pool of pre-screened suppliers. A SA is not a contract and neither party is legally bound as a result of the signing of this document alone. The intent of the SA is to establish a framework to permit the expeditious processing of legally binding contracts for goods or services. SAs include a minimum set of terms and conditions which would apply to each contract and they are issued by Public Works and Government Services Canada (PWGSC).

This Request for Supply Arrangement (RFSA) is an opportunity for any interested suppliers to submit an arrangement in order to become a qualified supplier and to be authorized to provide services on an "as and when requested" basis for any work related to office relocation, warehousing and related services located in the National Capital Region (NCR).

The Federal Government of Canada, on behalf of its Departments and Agencies, or Crown Corporation listed in Schedules I, I.1, II and III of the Financial Administration Act, R.S.C. 1985, c. F-11 intends to issue Supply Arrangements for the provision of relocation, warehousing and related services. These services will include, but are not limited to, the moving of full office suites, office equipment, furniture, workstation systems, files/records, filing cabinets, computer hardware, other various government office

related facilities like boardrooms and full kitchens; also include packing, crating, disassembling, loading, transporting, unloading, unpacking, uncrating, assembling and cleanup at the end of each move.

The supply arrangement excludes services to disconnect and reconnect computer workstation components such as: monitor, laptop/computer tower, keyboard, mouse, desktop printer, network cable, phone, all wires & power cords, power bars.

The estimated yearly expenditure is approximately \$3,000,000.00.

Period of the Supply Arrangement

The Supply Arrangement has no defined end-date and will remain valid until such time as Canada no longer considers it to be advantageous to use it. Please refer to section 6A.4.1.

Trade Agreement

The requirement is subject to the provisions of [the Canadian Free Trade Agreement \(CFTA\)](#) and is solely limited to Canadian goods and/or services.

Security Requirement

There is a security requirement associated with the requirement of the Supply Arrangement. For additional information, see Part 6 - Supply Arrangement and Resulting Contract Clauses.

1.3 Security Requirements

1.3.1 Before issuance of a supply arrangement, the following conditions must be met:

- (a) the Supplier must hold a valid organization security clearance as indicated in Part 6A - Supply Arrangement;
- (b) the Supplier's proposed individuals requiring access to classified or protected information, assets or sensitive work sites must meet the security requirements as indicated in Part 6A - Supply Arrangement;
- (c) the Supplier must provide the name of all individuals who will require access to classified or protected information, assets or sensitive work sites;

1.3.2 Suppliers are reminded to obtain the required security clearance promptly. Any delay in the issuance of a supply arrangement to allow the successful Supplier to obtain the required clearance will be at the entire discretion of the Supply Arrangement Authority.

1.3.3 For additional information on security requirements, Suppliers should refer to the [Contract Security Program](http://www.tpsgc-pwgsc.gc.ca/esc-src/introduction-eng.html) of Public Works and Government Services Canada (<http://www.tpsgc-pwgsc.gc.ca/esc-src/introduction-eng.html>) website.

1.4 Canadian Content

The services covered by the Supply Arrangement are solely limited to Canadian services as defined in clause [A3050T](#).

SACC Manual clause [A3050T](#) (2020-07-01) Canadian Content Definition

1.5 Debriefings

After issuance of a supply arrangement, Suppliers may request a debriefing on the results of the request for supply arrangements process. Suppliers should make the request to the Supply Arrangement

Authority within 15 working days of receipt of the results of the request for supply arrangements process.
The debriefing may be in writing, by telephone or in person.

1.6 Use of an e-Procurement Solution (EPS)

Canada is currently developing an online EPS for faster and more convenient ordering of goods and services. In support of the anticipated transition to this system and how it may impact any resulting Supply Arrangement that is issued under this solicitation, refer to 6.12 Transition to an e-Procurement Solution (EPS).

The Government of Canada's [press release](#) provides additional information.

PART 2 - SUPPLIER INSTRUCTIONS

2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the Request for Supply Arrangements (RFSA) by number, date and title are set out in the Standard Acquisition Clauses and Conditions (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) Manual issued by Public Works and Government Services Canada.

Suppliers who submit an arrangement agree to be bound by the instructions, clauses and conditions of the RFSA and accept the clauses and conditions of the Supply Arrangement and resulting contract(s).

The 2008 (2022-03-29) Standard Instructions - Request for Supply Arrangements - Goods or Services, are incorporated by reference into and form part of the RFSA.

2.2 Submission of Arrangements

Arrangements must be submitted only by epost Connect to Public Works and Government Services Canada (PWGSC) Bid Receiving Unit no later than the date and time indicated in the Request for Supply Arrangements.

Any other method of submitting arrangements will not be accepted.

epost Connect

- a. Unless specified otherwise in the RFSA, arrangements may be submitted by using the **epost Connect service** provided by Canada Post Corporation.
 - i. PWGSC, National Capital Region: The only acceptable email address to use with epost Connect for responses to RFSA's issued by PWGSC headquarters is: tpsgc.dgareceptiondessaoumissions-abbidreceiving.pwgsc@tpsgc-pwgsc.gc.ca, or if applicable, the email address identified in the RFSA.
 - ii. PWGSC regional offices: The only acceptable email address to use with epost Connect for responses to RFSA's issued by PWGSC regional offices is identified in the RFSA.
- b. To submit an arrangement using epost Connect service, the Supplier must either:
 - i. send directly its arrangement only to specified PWGSC Bid Receiving Unit using its own licensing agreement for epost Connect provided by Canada Post Corporation; or
 - ii. send as early as possible, and in any case, at least six business days prior to the RFSA closing date and time, (in order to ensure a response), an email that includes the RFSA number to the specified PWGSC Bid Receiving Unit requesting to open an epost Connect conversation. Requests to open an epost Connect conversation received after that time may not be answered.
- c. If the Supplier sends an email requesting epost Connect service to the specified Bid Receiving Unit in the RFSA, an officer of the Bid Receiving Unit will then initiate an epost Connect conversation. The epost Connect conversation will create an email notification from Canada Post Corporation prompting the Supplier to access and action the message within the conversation. The Supplier will then be able to transmit its arrangement afterward at any time prior to the RFSA closing date and time.
- d. If the Supplier is using its own licensing agreement to send its arrangement, the Supplier must keep the epost Connect conversation open until at least 30 business days after the RFSA closing date and time
- e. The RFSA number should be identified in the epost Connect message field of all electronic transfers.
- f. It should be noted that the use of epost Connect service requires a Canadian mailing address. Should a supplier not have a Canadian mailing address, they may use the Bid

- Receiving Unit address specified in the RFSA in order to register for the epost Connect service.
- g. For arrangements transmitted by epost Connect service, Canada will not be responsible for any failure attributable to the transmission or receipt of the arrangement including, but not limited to, the following:
 - i. receipt of garbled, corrupted or incomplete arrangement;
 - ii. availability or condition of the epost Connect service;
 - iii. incompatibility between the sending and receiving equipment;
 - iv. delay in transmission or receipt of the arrangement;
 - v. failure of the Supplier to properly identify the arrangement;
 - vi. illegibility of the arrangement;
 - vii. security of arrangement data; or
 - viii. inability to create an electronic conversation through the epost Connect service.
 - h. The Bid Receiving Unit will send an acknowledgement of the receipt of arrangement document(s) via the epost Connect conversation, regardless of whether the conversation was initiated by the supplier using its own license or the Bid Receiving Unit. This acknowledgement will confirm only the receipt of arrangement document(s) and will not confirm if the attachments may be opened nor if the content is readable.
 - i. Suppliers must ensure that they are using the correct email address for the Bid Receiving Unit when initiating a conversation in epost Connect or communicating with the Bid Receiving Unit and should not rely on the accuracy of copying and pasting the email address into the epost Connect system.
 - j. An arrangement transmitted by epost Connect service constitutes the formal arrangement of the Supplier and must be submitted in accordance with section 05 of the 2008 (2022-03-29) Standard Instructions.

2.3 Former Public Servant - Notification

Service contracts awarded to former public servants in receipt of a pension or a lump sum payment must bear the closest public scrutiny and reflect fairness in the spending of public funds. Therefore, the bid solicitation will require that you provide information that, were you to be the successful bidder, your status with respect to being a former public servant in receipt of a pension or a lump sum payment, will be required to report this information on the departmental websites as part of the published proactive disclosure reports generated in accordance with Treasury Board policies and directives on contracts with former public servants, [Contracting Policy Notice 2012-2](#) and the [Guidelines on the Proactive Disclosure of Contracts](#).

2.4 Enquiries

All enquiries must be submitted in writing to the Supply Arrangement Authority no later than eight (8) calendar days before the Request for Supply Arrangements (RFSA) closing date. Enquiries received after that time may not be answered.

Suppliers should reference as accurately as possible the numbered item of the RFSA to which the enquiry relates. Care should be taken by suppliers to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that suppliers do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all suppliers. Enquiries not submitted in a form that can be distributed to all suppliers may not be answered by Canada.

2.5 Applicable Laws

The Supply Arrangement (SA) and any contract awarded under the SA must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

2.6 Office of Small and Medium Enterprises (OSME)

PWGSC has established the Office of Small and Medium Enterprises (OSME) to assist suppliers in accessing and competing for opportunities in the Federal Marketplace. Its services include the Business Access Canada site found at: <http://www.tpsgc-pwgsc.gc.ca/app-acq/pme-sme/index-eng.html>

2.7 Sustainable Development

It is the policy of the Canadian Government to carry out its mandate in a manner consistent with the principles of sustainable development and to promote sustainable development opportunities and obligations with respect to economic growth, social well-being, and a healthy environment thereby enhancing services to Canadians.

The Supplier is encouraged to support sustainable development by:

- 1) Contributing to environmental objectives, such as:
 - * Reducing greenhouse gas emissions and air contaminants;
 - * Improving energy and water efficiency;
 - * Reducing ozone depleting substances;
 - * Reducing waste and supporting reuse and recycling;
 - * Reducing hazardous waste; and
 - * Reducing toxic and hazardous chemicals and substances.
- 2) Resulting in more environmentally responsible planning, acquisition, use and disposal practices in the Federal Government.

The Supplier is requested to provide details of its practices for sustainable development. These details will not be evaluated.

2.8 Bid Challenge and Recourse Mechanisms

(a) Several mechanisms are available to potential suppliers to challenge aspects of the procurement process up to and including contract award.

(b) Canada encourages suppliers to first bring their concerns to the attention of the Contracting Authority. Canada's [Buy and Sell](#) website, under the heading "[Bid Challenge and Recourse Mechanisms](#)" contains information on potential complaint bodies such as:

- Office of the Procurement Ombudsman (OPO)
- Canadian International Trade Tribunal (CITT)

(c) Suppliers should note that there are **strict deadlines** for filing complaints, and the time periods vary depending on the complaint body in question. Suppliers should therefore act quickly when they want to challenge any aspect of the procurement process.

PART 3 - ARRANGEMENT PREPARATION INSTRUCTIONS

3.1 Arrangement Preparation Instructions

Canada requests that suppliers provide the arrangement in separate sections as follows:

- Section I: Technical Arrangement (one copy)
- Section II: Financial Arrangement (one copy)
- Section III: Certifications and Additional Information (one copy)

Prices must appear in the financial arrangement only. No prices must be indicated in any other section of the arrangement.

- b) Suppliers must submit their rates FOB destination; Canadian customs duties and excise taxes included, as applicable; and Applicable Taxes excluded.

- a) Suppliers must complete their Certifications by using the forms provided in Attachment 3 of Part 3 - Certifications and Additional Information.
- b) The form must be signed.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

- (a) Arrangements will be assessed in accordance with the entire requirement of the Request for Supply Arrangements including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the arrangements.

4.1.1 Technical Evaluation

4.1.1.1 Mandatory Technical Criteria

Refer to Annex "C" for Attachment 1 to Part 3, Technical Arrangement

4.1.2 Financial Evaluation

4.1.2.1 Mandatory Financial Criteria

Suppliers must provide ceiling unit rates in Canadian dollars, Goods and Services Tax (GST) or Harmonized Sales Tax (HST) extra, if applicable, as per Attachment 2 to Part 3 - pricing schedule. Refer to ANNEX "C" for Attachment 2 to Part 3 – Pricing Schedule.

4.2 Basis of Selection

4.2.1 An arrangement must comply with the requirements of the Request for Supply Arrangements and meet all Mandatory Technical Evaluation Criteria and Mandatory Financial Evaluation Criteria to be declared responsive.

All responsive suppliers will be issued a Supply Arrangement (SA) and will become a qualified supplier under the Supply Arrangement. The Ceiling Unit Rates listed under the SA represent the maximum Ceiling Unit Rates that the qualified supplier will be allowed to propose for any bid solicitation under the Supply Arrangement. Qualified suppliers may submit unit rates lower than their Ceiling Unit Rates during the bid solicitation stage.

4.3 Financial Viability

SACC *Manual* clause **S0030T** (2014-11-27) Financial Viability

PART 5 - CERTIFICATIONS

Suppliers must provide the required certifications and additional information to be issued a supply arrangement (SA).

The certifications provided by Suppliers to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare an arrangement non-responsive, or will declare a contractor in default if any certification made by the Supplier is found to be untrue whether made knowingly or unknowingly during the arrangement evaluation period, or during the period of any supply arrangement arising from this RFSA and any resulting contracts.

The Supply Arrangement Authority will have the right to ask for additional information to verify the Supplier's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Supply Arrangement Authority will render the arrangement non-responsive, or constitute a default under the Contract.

5.1 Certifications Required with the Arrangement

Suppliers must submit the following duly completed certifications as part of their arrangement.

5.1.1 Integrity Provisions - Declaration of Convicted Offences

In accordance with the Integrity Provisions of the Standard Instructions, all suppliers must provide with their arrangement, **if applicable**, the declaration form available on the [Forms for the Integrity Regime](http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html) website (<http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html>), to be given further consideration in the procurement process.

Refer to ANNEX "C" for ATTACHMENT 3 to PART 3 - Certifications and Additional Information.

5.2 Certifications Precedent to the Issuance of a Supply Arrangement and Additional Information

The certifications and additional information listed below should be submitted with the arrangement, but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Supply Arrangement Authority will inform the Supplier of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame provided will render the arrangement non-responsive.

Refer to ANNEX "C" for ATTACHMENT 3 to PART 3 - Certifications and Additional Information.

5.2.1 Requirements for the Set-Aside Program for Aboriginal Business

Annex 9.40 of the *Supply Manual* details the *Requirements for the Set-Aside Program for Aboriginal Business*. See <https://buyandsell.gc.ca/policy-and-guidelines/supply-manual/section/9/40>

Aboriginal Suppliers meeting the *Requirements for the Set-Aside Program for Aboriginal Business* outlined in Annex 9.40 will be identified in the Supply Arrangement, thus providing a complete picture of the status of Service Providers vis-à-vis the availability of service from Aboriginal businesses. Awareness of this may help client departments stimulate job creation and economic growth for Aboriginal communities.

If the Supplier wishes to be identified as an Aboriginal Business that meets the *Requirements for the Set-Aside Program for Aboriginal Business*, it must:

- a. review the requirements described in the above-mentioned annex; and

- b. complete the Attachment 3 to Part 3, Certification Requirements for the Set-aside Program for Aboriginal Business; and
- c. only if requested by the Supply Arrangement Authority, complete the Attachment 3 to Part 3, Owner/Employee Certification – Set-aside for Aboriginal Business.

Since the Supply Arrangement is an unfunded requirement, it is not part of a specific set-aside plan. This initiative is done on a voluntary basis only.

6A.9 Certifications

6A.9.1 Compliance

Unless specified otherwise, the continuous compliance with the certifications provided by the Supplier in its arrangement or precedent to issuance of the Supply Arrangement (SA), and the ongoing cooperation in providing additional information are conditions of issuance of the SA and failure to comply will constitute the Supplier in default. Certifications are subject to verification by Canada during the entire period of the SA and of any resulting contract that would continue beyond the period of the SA.

6A.10 Applicable Laws

The Supply Arrangement (SA) and any contract resulting from the SA must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

6A.11 Transition to an e-Procurement Solution (EPS)

During the period of the Supply Arrangement, Canada may transition to an EPS for more efficient processing and management of individual contracts for any or all of the SA's applicable goods and

services. Canada reserves the right, at its sole discretion, to make the use of the new e-procurement solution mandatory.

Canada agrees to provide the Supplier with at least a three-month notice to allow for any measures necessary for the integration of the Supply Arrangement into the EPS. The notice will include a detailed information package indicating the requirements, as well as any applicable guidance and support.

If the Supplier chooses not to provide the supply arrangement of their goods or services through the e-procurement solution, the Supply Arrangement may be set aside by Canada.

6A.12 Insurance Requirements

At the bid solicitation stage the Supplier will be required to have Commercial General Liability Insurance, Automobile Liability Insurance and All Risk in Transit Insurance; see Annex "E", Model Bid Solicitation Form and Resulting Contract Clauses - Annex "E-5".

6A.13 Suspension, Cancellation or Deletion of a Supplier

Suspension, cancellation or deletion of a supplier from the list of suppliers will not relieve the Supplier from completing any contract(s) which may be in place at the time of the removal.

B. BID SOLICITATION

6B.1 Bid Solicitation Documents

Canada will use the bid solicitation templates 2T-MED1 for medium complexity requirements, available in the Standard Acquisition Clauses and Conditions Manual (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-sacc-manual/standard-procurement-templates>) based on the estimated dollar value and complexity of the requirement.

The following forms must be used for the first page of the bid solicitation document and the first page of the resulting contract document. These forms are available on the Electronic Forms Catalogue (http://publisservice-app.tpsgc-pwgsc.gc.ca/forms/text/search_for_forms-e.html) web site.

PWGSC-TPSGC 9400-3, Bid Solicitation
PWGSC-TPSGC 9400-4, Contract.

The bid solicitation will contain as a minimum the following:

- (a) security requirements (if applicable);
- (b) a complete description of the Work to be performed;
- (c) 2003 (latest version), Standard Instructions - Goods or Services - Competitive Requirements;
- (d) bid preparation instructions;
- (e) instructions for the submission of bids (address for submission of bids, bid closing date and time);
- (f) evaluation procedures and basis of selection;
- (g) financial capability;
- (h) certifications;
- (i) conditions of the resulting contract.

6B.2 Bid Solicitation Process

6B.2.1 Each bid solicitation should only include requirement that can be defined. For example, the

location, content, and timeframe of required relocation service should be clearly defined in the solicitation document.

6B.2.2 Bids will be solicited for specific requirements within the scope of the Supply Arrangement (SA) from suppliers who have been issued a SA. The Bid Solicitation document prepared by the Identified User will describe how the selection process of the supplier will be made. A requirement over \$40,000.00 must be solicited among all qualified suppliers on the Supply Arrangement. It is strongly recommended that a bid solicitation be solicited from all qualified suppliers on the Supply Arrangement even if the requirement is under \$40,000.00 and Identified Users are expected to be able to justify any action to direct any requirement under SA to a particular supplier.

6B.2.3 The bid solicitation will be sent directly to suppliers. The bid solicitation prepared by the Identified User will not be published on the Government Electronic Tendering System (GETS), but will be sent directly to qualified suppliers of the Supply Arrangement.

6B.2.4 The Identified User will be responsible for the bid solicitation process and the award of contracts. PWGSC may, however, provide assistance in the preparation of the bid solicitation document in some cases.

6B.2.5 Individual contract issued subsequent to the SA shall not exceed the upper limit \$400,000.00 including amendments and GST/HST. If the individual contract is over \$400,000.00, the Identified User must request a delegated increase in the financial limitation from the Supply Arrangement Authority. Once the delegated increase is approved by the Supply Arrangement Authority (with an email), the Identified User may award the contract.

6B.2.6 Before submitting a proposal, each Supplier must participate in a site visit organized by the Identified User during the bidding period. The purpose of site visit is for the Supplier to understand the specific work required. After site visit, the Supplier will estimate the labour categories, number of labour hours, vehicle use, warehousing need.

6B.2.7 In bid solicitation process, Suppliers' bidding rates must not be higher than the ceiling rates in the Supply Arrangements.

6B.2.8 Attached Annex "E", Model Bid Solicitation Form and Resulting Contract Clauses is an example to be used in the preparation of the bid solicitation/contract by the Identified User.

6B.2.9 Selection of an Aboriginal Business under the Procurement Strategy for Aboriginal Business (PSAB)

a. If the Identified User has decided to procure the required services under PSAB, it can do so by selecting a supplier identified as Aboriginal. The Identified User may consult with Crown-Indigenous Relations and Northern Affairs Canada (CIRNAC), the federal government department responsible for this program, to confirm the selected supplier is an Aboriginal Business and meets all of the requirements of the program. The Identified User must still follow the above supplier-selection process to select the Aboriginal Business supplier.

b. In order to be considered as an Aboriginal Business under PSAB, a supplier must self-identify as such. It is the responsibility of the Identified User to contact INAC and confirm the Aboriginal Business Status. In order to confirm the status of the supplier, INAC may have to proceed to a verification which the supplier has agreed to in completing and signing the PSAB Certification documents.

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the [Standard Acquisition Clauses and Conditions](#) Manual (<http://sacc.pwgsc.gc.ca/sacc/index-e.jsp>) issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The 2003 _____ (*insert date*) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

Subsection 5.3 of 2003, Standard Instructions - Goods or Services - Competitive Requirements, is excluded.

2.2 Submission of Bids

Bids must be submitted only to _____ Bid Receiving Unit by the date, time and place indicated on page 1 of the bid solicitation.

Remark to Contracting Authority: Use the following paragraph when transmission of bids by facsimile or electronic mail is not acceptable.

Due to the nature of the bid solicitation, bids transmitted by facsimile or electronic mail to _____ will not be accepted.

Remark to Contracting Authority: If applicable, insert in full text additional SACC Manual clauses with appropriate numbering (ex. 2.2.1, 2.2.2, ...). Example of a clause to include in full text: A9076T.

2.2.1

Remark to Contracting Authority: Consult section 12 of standard instructions 2003 before adding clauses to ensure there is no redundancy in the document. Responses to enquiries may have

significant implications for the bid solicitation. An extension to the bid closing date should be taken into account every time a response is provided to an enquiry.

All enquiries must be submitted in writing to the Contracting Authority no later than _____ (__) calendar days before the bid closing date. Enquiries received after that time may not be answered.

Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the questions or may request that the Bidder do so, so that the proprietary nature of the question is eliminated, and the enquiry can be answered with copies to all bidders. Enquiries not submitted in a form that can be distributed to all bidders may not be answered by Canada.

2.4 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Remark to Contracting Authority: Consult sections 04 to 09 of standard instructions 2003 or sections 04 and 05 of standard instructions 2004 before adding clauses to ensure there is no redundancy in the document.

Section III: Certifications (_____ hard copies)

Remark to Contracting Authority: Insert the following when soft copies are requested; if not, delete this paragraph and the instruction.

If there is a discrepancy between the wording of the soft copy and the hard copy, the wording of the hard copy will have priority over the wording of the soft copy.

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.

Canada requests that bidders follow the format instructions described below in the preparation of their bid:

- (a) use 8.5 x 11 inch (216 mm x 279 mm) paper;
- (b) use a numbering system that corresponds to the bid solicitation.

The technical bid shall address all mandatory technical criteria specified herein.

Remark to Contracting Authority: Use one of the following clauses or other alternate clauses, as applicable.

Section II: Financial Bid

Bidders must submit their financial bid in accordance with the Basis of Payment. The total amount of Goods and Services Tax (GST) or Harmonized Sales Tax (HST) must be shown separately, if applicable.

Section III: Certifications

Bidders must submit the certifications required under Part 5.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

Remark to Contracting Authority: Use the following clause and consult subsection 4.7 of standard instructions 2003 before adding clauses to ensure there is no redundancy in the document.

4.1 Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids.

Remark to Contracting Authority: If the evaluation criteria are too voluminous, include as an annex attached to the bid solicitation.

4.1.1 Technical Evaluation

4.1.1.1 Mandatory Technical Criteria

(Insert mandatory technical evaluation criteria, if applicable)

4.1.2 Financial Evaluation

The firm price must be presented in the format detailed in Annex "E-2" - Basis of Payment (to be determined by the Identified User) for the period, from _____ (to be determined by the Identified User) to _____ (to be determined by the Identified User). All prices are firm and in Canadian dollars, GST or HST extra (if applicable).

A breakdown of the firm price must be provided by the Supplier. Categories of labor, number of labor hours, vehicle type, and cubic feet of warehousing storage must be included in the breakdown. Unit rates must also be included.

The quoted unit rates can be no higher than the Ceiling Unit Rates initially quoted and included in the Supply Arrangement.

4.2 Basis of Selection

4.2.1 A bid must comply with the requirements of the bid solicitation and meet all mandatory technical evaluation criteria to be declared responsive. The responsive bid with the lowest firm price will be recommended for award of a contract.

4.3 Security Requirement

4.3.1 Before award of a contract, the following conditions must be met:

- (a) the Bidder must hold a valid organization security clearance as indicated in Part 6 - Resulting Contract Clauses;
- (b) the Bidder's proposed individuals requiring access to classified or protected information, assets or sensitive work site(s) must meet the security requirement as indicated in Part 6 - Resulting Contract Clauses;
- (c) the Bidder must provide the name of all individuals who will require access to classified or protected information, assets or sensitive work sites.

4.3.2 Canada will not delay the award of any contract to allow bidders to obtain the required clearance.

4.3.3 For additional information on security requirements, bidders should consult the "[Security Requirements for PWGSC Bid Solicitations - Instructions for Bidders](http://www.tpsgc-pwgsc.gc.ca/app-acq/lc-pl/lc-pl-eng.html#a31)" (<http://www.tpsgc-pwgsc.gc.ca/app-acq/lc-pl/lc-pl-eng.html#a31>) document on the Departmental Standard Procurement Documents Website.

Remark to Contracting Authority: Use one of the following options. Add the applicable certification(s) from the lists provided. Other certifications that have been approved by Legal and Policy may be added. Delete Part 5 if there are no certification requirements.

PART 5 - CERTIFICATIONS

Bidders must provide the required certifications to be awarded a contract. Canada will declare a bid non-responsive if the required certifications are not completed and submitted as requested.

Compliance with the certifications bidders provide to Canada is subject to verification by Canada during the bid evaluation period (before award of a contract) and after award of a contract. The Contracting Authority will have the right to ask for additional information to verify bidders' compliance with the certifications before award of a contract. The bid will be declared non-responsive if any certification made by the Bidder is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications or to comply with the request of the Contracting Authority for additional information will also render the bid non-responsive.

5.1 Certifications Precedent to Contract Award

The certifications listed in Annex "E-4", Certifications, should be completed and submitted with the bid, but may be submitted afterwards. If any of these required certifications is not completed and submitted as requested, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time period will render the bid non-responsive.

Compliance with the certifications provided by the Contractor in its bid is a condition of the Contract and subject to verification by Canada during the term of the Contract. If the Contractor does not comply with any certification or it is determined that any certification made by the Contractor in its bid is untrue, whether made knowingly or unknowingly, Canada has the right, pursuant to the default provision of the Contract, to terminate the Contract for default.
