## **Amendment 004**

This amendment is raised to:

- A. Answer question from bidders;
- B. Make changes to the tender documents

### **A. Answer question from bidders**

**Q1.** There is a difference between the reference given on the invitation to tender (PW-23-01022140) and the specifications (PW-21-00963356), can you issue a correction?

**A1.** It is a mistake in the specs. The correct number is PW-23-01022140. The specifications published on CanadaBuys are for this project.

**Q2.** Referring to the specification section 00 01 15 page 1 of 2, the list shows page A504 which we do not have in the drawings.

**A2.** Please see revised specification section 00 01 15 – List of Drawing Sheets in *Addendum 4 TenderRFIRResponse01\_2023-02-22*.

**Q3.** In reference to the specification section 00 01 15 page 1 of 2, the list does not show page A406, is it indeed part of the documents?

**A3.** Please see revised specification section 00 01 15 – List of Drawing Sheets in *Addendum 4 TenderRFIRResponse01\_2023-02-22*.

**Q4.** In reference to the specification section 00 01 15 page 1 of 2, the list shows section 09 92 23 (PAINT), is the right section in reference 09 91 23?

**A4.** Yes. Please see revised specification section 00 01 10 – Table of Contents in *Addendum 4 TenderRFIRResponse01\_2023-02-22*.

**Q5.** In reference to amendment no.002, can the spray foam insulation indicated in the composition of the exterior walls and roof be replaced by mineral fiber wool with the same RSI value?

**A5.** No. Closed cell spray foam is required.

**Q6.** Referring to page A105, a note on the drawing indicates 12.7mm DRYWALL FINISH for the ceiling while amendment no.002 indicates "interior metal liner panel", which version is correct?

**A6.** Addendum 02 is correct. Metal liner panel to be used on the underside of the high ceiling.

**Q7.** Referring to page A601, which product should be used for the sealed concrete?

**A7.** Please see specification section 03 35 00 – Concrete Finishing in *Addendum 4 TenderRFIRResponse01\_2023-02-22*.

**Q8.** Specification section 07 46 16 (ALUMINIUM SIDING) does not match the W1 & R1 component on page A102 which indicates steel coatings.

**A8.** Please see specification section 07 46 19 – Steel Siding in *Addendum 4 TenderRFIRResponse01\_2023-02-22*

**Q9.** Is it possible to provide us with an exact address for the location of the building?

**A9.** There is no street address. On drawing A101 the legal address of the lot is indicated as Lot 121, Block 2, plan 4084, plus there is a small map on the upper right hand corner.
