#### **Description of Work:**

Solution Architecture for the CADIA project has identified three Product Platforms that require external resource leads. The project team will be leveraging existing capabilities inherent to CFIA infrastructure and not the re-building of functionality that already exists. Functionality will be leveraged in Arc Geographical Information System, **Power Platform - Dynamics 365 (D-365)**, and Adobe Experience Manager

Microsoft replaced Dynamics Customer Relationship Manager with **Power Platform – Dynamics 365**, a fully rebranded product specifically designed for customer engagement. Power Platform - Dynamics 365 is a combined CRM and ERP product that includes full Dynamics Automationworkx suite for Enterprise Resource Planning and the Business Edition includes the financial suite built from Dynamics Navision.

External resources two will be required to lead a Development team with CFIA resources as Subject Matter Experts in the delivery of the functional requirements that have been mapped to the core capabilities identified under **Power Platform - Dynamics 365**.

- Bidders must submit a bid for all resource categories
- The work is currently not being performed by a contracted resource

**Security Requirement:** Common PS SRCL #09 applies

**Minimum Corporate Security Required:** Designated Organization Screening (DOS)

**Minimum Resource Security Required:** Reliability
