THIS SOLICITATION AMENDMENT IS RAISED TO:

1. Provide clarification and answers to questions from potential suppliers.

QUESTIONS AND ANSWERS:

Question 5	<p>I read the amendment you issued stating that the client would accept a searchable parts manual on a USB stick. Unfortunately this is not available for current model production models. There are some available on the internet but only for older non current models. The client will have access to an electronic parts manual by calling any of 575 dealers in Canada and with a valid serial number be given a part number, diagram and costing. This is the way commercial truck users obtain parts support.</p> <p>There is a Ford website in the USA where a Canadian company or individual can look up parts using a serial number, but cannot order parts. That has to be done through a Canadian dealer. If parts are needed, the Canadian dealer can look up and order the parts required and the USA website is not needed.</p>
Answer 5	No, online parts manuals are not acceptable

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME.
