# Solicitation 1000234629/A for Simultaneous Interpretation Services

#### Questions and Answers #5 to #6

## Question #5

Can we try and bid even if we have no accredited interpreters?

### Answer #5

Please refer to MT3 of the 'Mandatory Technical Criteria' on page 9 of the solicitation regarding accreditation which says the following:

*"All proposed interpreters must have a relevant degree (i.e. language/communication/translation) from an accredited Canadian institution, or a recognized equivalent. Proof of education (and foreign credential assessment, if applicable) must be submitted with the Bid for each interpreter. Visit <u>www.cicic.ca</u> for a list of organizations that provide equivalency assessments."*

### Question #6

One question arose on our side when checking your answers, and we are unsure about the security clearance: we know our interpreters must have security clearance in order to provide the services, but as a foreign company we haven't gone through the security screening yet. If you could please advise whether this is an obstacle for submitting proposal or not, we would greatly appreciate it.

#### Answer #6

To clarify there is no designated organization screening (DOS) required, only the proposed personnel require security clearance as indicated under '7.3 Security Requirements' of the solicitation.
