QUESTION AND ANSWER # 2

Question #1

Given Microsoft's Product Roadmap for SharePoint on-premise and the market shift towards Microsoft 365 using SharePoint Online, SIs most familiar with the product would not necessarily have recent experience (contract award within the last 5 years) for offering operational support models. Can mandatory criteria MT2 be altered such that the noted capabilities can be demonstrated independent of the SharePoint on-premise platform (as most are generic operate capabilities)?

Answer # 1

Public Safety Canada has issued an amendment # 2 to RFP 202301512 in reference to MT 2.
