Amendment 2:

This amendment is issued to provide answers to questions posed by a potential bidder and to amend the Bidder's Checklist to add the insurance document.

All other terms and conditions remain unchanged.

1. **Approved Site:** Can you provide more details about the approved site where the vessel is to be transported and dismantled? Is there a specific location in mind, or can we propose a site?

Answer: Please refer to the definition "Approved Site" identified in Section 13 of the Statement of Work included in the RFP

2. **Statement of Work Annex A:** Could we get a copy of the "Statement of Work Annex A" mentioned in the tender? It will help us to understand the specific requirements and deliverables more precisely.

Answer: The Statement of Work is attached near the end of the Request for Proposals.

3. **Environmentally Responsible Disposal:** Could you elaborate more on the specific environmental standards and regulations that we need to adhere to during the dismantling and disposal process? We are committed to following the best practices in environmental management.

Answer: The Work must be completed in accordance with the Statement of Work and all applicable Laws, regulations and standards including, but not limited to, Section 6.5 of the Statement of Work Standards, Regulations, and Codes.

4. **Vessel Specifications:** To prepare an accurate bid, could you provide any detailed specifications, drawings, or reports of the vessel that are available?

Answer: See attached.

5. **Vessel Viewing:** As I am currently based in Canada, I understand the importance of the mandatory vessel viewing on July 26, 2023, and will ensure that our representative is present for the same. However, are there any specific guidelines or protocols that we need to follow during this viewing?

Answer: An amendment has been posted to change the date of the visit. The visit of the ship will be held on July 19, 2023. See Attachment 1 of the Request for Proposals.

6. **Procurement Strategy:** You mentioned a "Lowest/Lower Bid" strategy for this procurement. Can you clarify if there are any other evaluation factors in the bid assessment, such as experience, quality of proposed methods, or environmental considerations?

Answer: A bid must comply with the entire bid solicitation. See Part 3 (Bid Preparations instructions) and Part 6 (Security, Financial and Other Requirements) for all information and documentation to be provided with your bid.

7. **Contract Duration:** Can you provide any further information regarding the expected contract duration? While we understand the work is to be completed by March 1, 2024, we are interested in the expected timeline for key milestones and deliverables.

Answer: The Vessel must be towed from BIO by October 30, 2023. The Work must be completed and all deliverables received by March 1st, 2024. The timelines for key milestones and deliverables must be decided by the bidder and included in the project schedule to be provided with the bid.

8. Tendering Procedures: Could you clarify the process and timeline for the submission of our bid after the vessel viewing? Are there specific formats and documents required for the bid submission?

Answer: The instructions are provided in Part 2 of the Request for Proposals. In addition, bidders must indicate in the evaluation table included in the Attachment 3, the location where the requested information can be found in the bid.
