### **Amendment 005**

This solicitation amendment is issued to answer questions from the Industry.

<b>Item</b>	<b>Question</b>	<b>Response</b>
12	The RFP states in multiple places that all the terms of the RFP and its attachments must be complied with. Request confirmation that the bidders may propose deviations/exceptions to the RFP and its terms, or requirements such as certifications, and that no liability shall lie upon the bidder if the parties are unable to successfully negotiate a definitive agreement.	By submitting a bid, the bidder is agreeing to Part 7 – Resulting Contract Clauses. These clauses are standard across software procurement for the Government of Canada and must be complied with therefore, while minor changes can be made, the overall integrity of the clauses cannot be breached. If a contract cannot be agreed upon by Canada and the top ranked bidder, there is no liability and Canada will continue with the next ranked bidder.
13	For #17 of the mandatory contractor requirements, is the system documentation required at submission? If so, how is that different from the required upon request from #6 of the mandatory contractor requirements?	The bidders are required to provide at the time of submission the necessary documentation demonstrating how their bid meets the Mandatory Contractor Requirement #17. Mandatory Contractor Requirement #17 asks the bidders to demonstrated how they meet the specifications while Mandatory Contractor Requirement # 6 asks the bidders to be ready to give access to related certifications when requested.

**ALL OTHER TERMS AND CONDITIONS OF THE SOLICITATION REMAIN UNCHANGED**
