TACTICAL POWER SYSTEM (TPS)
Request for information (RFI)
W8476-206276/D Amendment 2

This Request for information (RFI) Amendment 002 is raised to amend the following:

1. Invite industry to follow on One-on-One sessions with Canada on the 14 and 16 November 2023.

One-hour sessions are available on the 14 and 16 November 2023. MS Teams will be used to conduct the meeting. Any changes to this date and time will be followed up with a subsequent amendment issued against this RFP.

These sessions are for interested industry participants to discuss the Concept of Operation (CONOPS), Requirement Verification Matrix (RVM), present their specific product solutions, their overall vision for the production, delivery sequence for the equipment as outlined in Attachment 1, general storage, and safety requirements related to their proposed Energy Storage Units ESU systems small and large.

In the interest of fairness and transparency, One-on-One sessions will be available to any interested participants.

One-on-One meeting arrangements will be confirmed to participants by November 8, 2023. A schedule providing timings for each session will be provided directly to each company. Upon completion of the One-on-One Sessions, Canada will consider all available information and determine any next steps, if applicable.

Suggested format for the session will be as follows:

- 1) Opening remarks /Introduction of GoC personnel - PSPC (5 mins);
- 2) Opening remarks/ PM (5 mins);
- 3) Industry led presentation (25 mins);
- 4) Q&A (15 mins);
- 5) Closing remarks – PSPC (5 mins).

Proposed timings for both days are 09h00, 10h30, 13h00, 14h30.

Please contact Paul Lacoursiere to book a time for the one on one sessions.
