Weapon Effects Simulation Modernization (WESM) Industry Day

Canada will host a non-mandatory Industry Day focused primarily on the recently posted Price and Availability (P&A), which interested suppliers are encouraged to attend. This Industry Day event is scheduled to take place virtually on MS Teams on **January 24, 2024, from 10:00 to 12:00 EST**. Any changes to this date and time will be followed up with a subsequent amendment issued against this RFI.

Suppliers who choose to attend must submit a confirmed list of attending representatives to the Contracting Authority listed for this RFI, including name and company title. The confirmed list of attending representatives is to be submitted no later than **January 17, 2024**.

Canada will send all attending suppliers the official event agenda and presentation shortly before the event. This information will be posted as well on Canada Buys after the Industry Day. Canada will provide a presentation on the Project, and a Questions and Answers session will be held. Attendance to the event is not mandatory, and will not prevent potential suppliers from bidding on any possible future solicitations.

Any exchange of information during Industry Day, including Questions and Answers deemed to be of significant value to suppliers may be provided to non-attendees on Canada Buys via an amendment to this RFI.

Canada will not be responsible for any costs associated with Industry's attendance at the virtual Industry Day.
