QUESTION AND ANSWER – SERIES IX

Q61. With reference to Amendment #13, can Canada consider an extension to the submission deadline of March 22, 2024 for the responses to the Technical, Support Requirements and Revised Procurement questions and costing information?

A61. The requested submission date for responses as stated in Amendment 13, item 1, remains unchanged. As per Amendment #12, item 1, it states that, "Respondents are requested to provide costing information, in attached Annex A4 - Milestone and Pricing Schedule, and Annex A5 – In-Service Support Pricing Schedule, in order for Canada to prepare its documents for project approval."

While Suppliers may, at any time, share/provide information to Canada on its products and services, including costing information, late responses may not be considered in Canada's project approval preparation.
