

The following amendment 001 to the Request for Proposal (RFP) is raised to answer questions from the Industry:

1. Will the Requirement for CCTV at Yarmouth NS be a stand-alone system or integrated into a larger integrated network of CCTV Cameras regionally or nationally?

Out of scope – For your information: Currently the systems will be standalone systems but we are looking at remote connectivity in the future.

2. Does CBSA have a single integrated network for CCTV?

Out of scope – For your information: No each site has its own standalone system for CCTV.

3. Is CBSA interested in proposals and supplemental pricing that include Artificial Intelligence Capabilities for Video such as Object identification?

Out of scope – Not at this time.

4. Is CBSA interested in proposals and supplemental pricing that include Artificial Intelligence Capabilities for Audio Transcription and Translation of CCTV Video?

Out of scope – Not at this time.

5. Is CBSA interested in proposals and supplemental pricing that include Artificial Intelligence Capabilities for Audio Transcription of Video?

Out of scope – Not at this time.

6. Is CBSA interested in proposals and supplemental pricing that include Artificial Intelligence Capabilities for Video Analytics?

Out of scope – Not at this time.

7. Is CBSA interested in proposals and supplemental pricing that include Artificial Intelligence Capabilities for Workplace Safety using CCTV Video footage?

Out of scope – Not at this time.

8. Is there any diagram support where the 7 total cameras are going to be installed?

The SOW included a building layout with camera positioning. Normally, once a vendor is selected there is a kickoff meeting to go over the project. From there we discuss specific camera mounting position and, if appropriate, do a site walk to go over each camera location.

9. Is there a site visit available?

Currently there is no site visit planned prior to vendor selection. If requested we could look at the possibility of arranging a site visit. However, we cannot guarantee it at this time as it depends on availability of staff to escort vendors while on site.
