

**STATEMENT OF WORK (STAGE I)
FOR THE
LIGHTWEIGHT PROTECTIVE RESPIRATOR**

1. SCOPE

1.1 Purpose

The purpose of this statement of work is to describe the requirements for the delivery of Lightweight Protective Respirators to the Department of National Defence (DND).

2. DELIVERABLES

The Contractor must deliver the following:

- (a) Quantity ten (10) Lightweight Protective Respirators in accordance with the Operational Performance and Technical Requirements at Annex B in manufacturer's standard sizes (quantity by size to be specified at time of Contract Award), each including:
 - i. Quantity two (2) spare filters;
 - ii. Quantity one (1) spare harness set; and
 - iii. Quantity one (1) operator manual in hard copy, in English, that includes fit, use and user maintenance of the respirator;
- (b) Quantity thirty (30) spare filters in accordance with the Operational Performance and Technical Requirements at Annex B;
- (c) Training in accordance with Section 2.1;
- (d) Quantity one (1) sizing chart for the Lightweight Protective Respirator, in English, in electronic format (PDF);
- (e) Quantity one (1) Lightweight Protective Respirator operator manual, in English, in electronic format (PDF); and
- (f) Technical data for each component of the Lightweight Protective Respirators (in MS Excel format) as follows:
 - i. Item Name;
 - ii. NCage;
 - iii. Manufacturer Part Number (MPN);
 - iv. Volume;
 - v. Weight; and
 - vi. Shelf Life (if applicable).

2.1 Training

The Contractor must provide operator training on the Lightweight Protective Respirators as follows:

- (a) Training for up to ten (10) DND candidates to be conducted at a DND facility in southern Ontario on a date arranged with the DND Technical Authority;
- (b) Each training serial is to include (as a minimum):
 - i. Preparation and use;
 - ii. Safety precautions;

- iii. Care and cleaning;
 - iv. Storage; and
 - v. Safety inspection prior to use;
- (c) Provide each candidate with a copy of training materials in both hard copy and electronic format (MS Word, MS PowerPoint or PDF).
