

Q&A for [Furniture category 6 Canadian Grain Commission – Winnipeg](#)

Q1

May we please have clarification on item # 7? This item is described as a lounge chair however the item code is for a Kitchenette chair. Please clarify.

A1

It is difficult to visualize what the products under each GoCUID might look like; the GoCUID was selected as it has arms. This image (for illustrative purposes only) is the concept; the chairs will be located in a kitchenette and must be fully wipeable.

Q2

For item #2 would the client accept a 3 seat banquette 72" wide?

A2

Unfortunately, there is no room for a longer Banquette than the maximum length indicated on the RFB. The physical space is limited.
