### **Questions & Answers # 3**

**Q9.** “A2 in Q&A #1 states that a valid Certificate of Practice **and** a valid Architectural license are required for M1. We understand that the firm’s Certificate of Practice is required, but we are unclear what is meant by ‘Architectural license.’ Would DFATD please provide clarification on what information is required for this second item?”

**A9.** The firm must have a license to provide services and within the firm we want to see the individual’s (the one who will be providing the architectural service listed in M3) architect licence as well.
