Table 10 – Standard Finishes and Canada's Facilities to Accommodate the Delivery and Certifications

1.	Standard Finishes
1.1	IU is to consult the Supplier's Website identified in Part 6A of the SA to view the available finishes. Within ten business days of the contract award, the Project Authority will provide the Contractor with a written notice of Canada's finish choices for each of the product(s) in Annex A. The Contractor will deliver the products corresponding to Canada's choice of specific finishes(s). No additional charge will be applied to Canada.

2.	Canada's Facilities to Accommodate the Delivery The Supplier's employees and subcontractors requiring access to the site must adhere to the health and safety plans established for the site, in addition to any laws in effect in the jurisdiction where the work is being performed. During the period of the contract, a representative of Canada or a service provider(s) under contract with the Government of Canada may request the list of employees and subcontractors requiring access to the site to perform the work and their security statuses. Information must be provided in the timeframe prescribed in order to ensure that the supply, delivery and installation of the furniture aligns with the master schedule.

A	Location	365 Laurier street West, Ottawa, Ontario, K1P 5K2
B	Dock	Yes
C	Lift	No lift
D	Door	Yes
E	Freight Elevator	Yes
F	Other (specify, if any)	There can be no deliveries between 7am - 6pm on weekdays by trucks that are greater than 25' in length as per building management. However, trucks greater than 25' can do deliveries on weeknights and on weekends without any problem. There cannot be any moves before 17:00 on weekdays as we cannot put the elevator on service before that time. Tractor Trailers (53' or larger) cannot deliver to this location due to size issues, large possibility of blocking street traffic and that if cars are parked on the other side of the street (which is almost always the case) then it is highly impossible for the driver to back the truck into the space.
