A12)

No, you do not have to identify a team at the ITQ stage.

Yes, you can form a team at any time during the procurement process. As long as the mandatory criteria are met by at least one of the team members (and they qualified under the ITQ process), it is not required that all team members be qualified under the ITQ.

Q13)

Are we required to submit/upload only one single document per work package, or can we send one main document for each work package, accompanied by attachments/evidence that are uploaded separately which would be referenced in the respective main document?

A13)

You may upload as many documents as required to meet the mandatory criteria for each work package. If uploading more than one document, a master document that includes references must be provided.

ALL OTHER TERMS AND CONDITIONS OF THE ITQ REMAIN THE SAME.
