- Q1.** Could you please confirm whether there is currently an incumbent providing the services outlined.
A1. There is an incumbent.
- Q2.** M1 lists that the resource must have an engineering diploma. Please confirm that the Crown will accept an engineering degree or diploma for the education of the proposed resource.
A2. Yes.
- Q3.** Would the Crown consider a diploma in Computer Science, combined with Engineering experience for M1?
A3. No. A Computer Science Diploma is not sufficient. We Require the training and experience as described in the RFP.
- Q4.** Could you please kindly confirm if there has been an incumbent within the past twelve months (or greater) either as a Term, Casual, or Agency Contract (THS, TSPS, TBIPS) performing these or similar duties?
a. If so, who is the incumbent Vendor and have they been invited?
b. If so, can you provide the number of days worked on said contract along with the dollar value?
A4. There is an incumbent contracted as though a professional services contract.
a. Vendor: Convergent. Has been invited.
b. Dollar value of contract is \$236,350.80 CAD.
- Q5.** Given the high volume of RFPs out to tender, we kindly request a one-week extension to the closing date.
A5. No extensions will be offered.
- Q6.** Are the requested services for the above-referenced solicitation currently being provided or have they been provided previously? If so, please identify the means by which such services have been supplied (e.g. direct and/or term employee(s), personal services contract(s), or contracted services through a company). If the services were contracted through one or more companies or individuals, please provide the name(s) of the contractor(s), the duration and dollar amount of the contract(s)
A6. Yes, the requested services are currently being provided through a professional services contract. See A4 for additional information.
- Q7.** R3 calls for Genetec™ certifications. Genetec™ certification is not listed as a certification on Genetec's certification page. Please provide details in regards to what Genetec™ is, or if other Genetec certifications are acceptable?
A7. Any certification listed on Genetec.com or that can be confirmed by a Genetec training representative is acceptable.
