B. Questions and Answers

Q1. Regarding the following criterion:

Of the two (2) projects required, at least one (1) must demonstrate the following experience :

- (Restoration of wetlands¹ or riverbanks) or (aquatic AND forest environments with work involving beaver habitat)²

Are we to deduce that there are two possible choices to be submitted in the statement?

In other words, is it possible and compliant to submit a wetland or bank restoration project without it being affected by beaver habitat?

A1. It is neither possible nor compliant to submit a wetland or bank restoration project without it being affected by beaver habitat.

Beaver habitat must absolutely be present in the experiment AND, what's more, we're looking for contractors with experience in maintaining beaver habitat and infrastructure (not destroying it).

Select a **maximum of two (2)** reference projects undertaken by the Bidder within the last 10 years for each **mandatory requirement**. A response to each **mandatory requirement** is required. Only the first two (2) projects listed for each, in sequence, will receive consideration and any others will not receive consideration.

The evidence provided by the bidder may be verified. PCA reserves the right to verify information for completeness and accuracy and to confirm reference satisfaction with services provided.

Bidders are requested to indicate (Yes/No) in the right column below, however simply stating Yes is not sufficient. The Bidder must provide substantiation as outlined in the mandatory requirements.

#	Mandatory Requirements	Met (Yes/No)
M1	<p>By the closing date and time of this prequalification, the bidder must have substantially completed at least two (2) restoration projects in the last 10 years that demonstrate a similar scope to the project in question, i.e. wetland or shoreline restoration projects, aquatic environments and forest environments that have contained work near bodies of water (lakes, ponds, beaver habitats) and have been carried out over dimensions (of the order of a kilometer).</p> <p>Of the two (2) projects required, at least one (1) must demonstrate the following experience :</p> <ul style="list-style-type: none">- Restoration of wetlands or riverbanks, or aquatic AND forest environments with work that preserved the beaver's habitat and maintained its infrastructure (not destroyed it)? <p>For at least 1 (one) of the project examples, the Bidder must have been the Prime Contractor and not have been retained to complete the work under sub-contract.</p> <p>Bidders must demonstrate that they meet all the mandatory experience criteria below. This can be demonstrated by the amount of experience in the two (2) reference projects provided;</p> <ul style="list-style-type: none">- Management of major excavation, earthmoving and renaturalization projects (work involving digging, moving, compacting and levelling earth or granular materials).- Experience in working with and coordinating teams specialized in restoring natural environments.- Experience in working and coordinating teams with successful supply chain management (management of suppliers, subcontractors and artisan truckers). <p>The projects preferably but need not necessarily have been in the public sector (i.e. work completed for a federal, provincial/territorial or municipal government client).</p> <p>The component of the projects completed by the bidder must have been at least \$250,000 in value (excluding taxes).</p> <p>The bidder must provide a client reference (name of client, name of client representative and their position, contact information) for each project. The client references will be used for fact verification only.</p> <p>Note: The Bidder must provide substantiation of above Mandatory Requirement using Project 1 and Project 2 Tables below (use extra pages if necessary).</p>
