As questions may continue to be submitted by vendors up to seven (7) days prior to closing, and responses to those questions posted as amendments, vendors are responsible for monitoring the solicitation for updates.
049	After reading this RFP a few times, is the work for doing the actual Data Migration a part of this RFP or is this solely just all the planning and documentation piece to lay out the plan and the Data Migration RFP will be coming at a later date?	The performance of the work of migrating data from the current electronic health record to a new electronic health record is not part of the statement of work.
