<b>Question Number</b>	<b>Question</b>	<b>Answer</b>
<b>050</b>	Would participating in this project as a subcontractor limit a vendor's ability to participate as either a prime or a sub contractor in future EHR procurements?	Contractors, subcontractors and any member part of a joint venture MAY be excluded from future EHR procurements if, as part of their work under this solicitation, they have access to information related to future bid solicitations that is not available to other bidders such that, in Canada’s opinion, they were given, or appeared to be given, an unfair advantage. This would be determined on a case by case basis and according to any conflict of interest—unfair advantage terms and conditions that may be included in future requirements.
<b>051</b>	If a subcontractor gains information that is material to future EHR procurements through their work with the winning bidder of this solicitation, would they be barred from working on future EHR procurements?	Contractors, subcontractors and any member part of a joint venture MAY be excluded from future EHR procurements if, as part of their work under this solicitation, they have access to information related to future bid solicitations that is not available to other bidders such that, in Canada’s opinion, they were given, or appeared to be given, an unfair advantage.
