This amendment is raised to address the following:

Question 32: To follow up regarding the licensing requirement for Saskatchewan: we have looked into the steps required to get proper licensing in Saskatchewan, and our firm is able to do so. However, once the application has been submitted, we were advised that it could take anywhere between 6-8 weeks to receive official proof of licensing/certifications/authorizations. Would this time frame be allowable should our firm win the bid for this project?

R: Refer to 2. MANDATORY REQUIREMENTS, M1.2.1 for requirements to submit licensing.
