Right-fit

To be declared responsive, a bid must:

- i. comply with all the requirements of the RFP;
- ii. include a total bid price below \$400,000.00 CDN (travel and living expenses, and applicable taxes included);
- iii. meet all minimum mandatory criteria for the THS category identified in Part B;

- v. include pricing that falls within a band between -20% and +20% of the median total hourly rate when 3 or more bids received by Canada are responsive to the mandatory technical criteria in ii and iii. When only 2 bids are responsive to the mandatory technical criteria, the higher priced bid may be selected if its price is within 25% of the lowest priced bid.

Bids not meeting (i) or (ii) or (iii) or (iv) or (v) will be declared non-responsive. [Minimum mandatory criteria](#) for THS categories can be found on the [THS for the NCR website](#).

Additional mandatory criteria

Number	Additional mandatory criteria (maximum of two (2) extra)	Cross reference to proposal [bidder to insert]
M1	A minimum of 5 years' experience in system or network administration with Microsoft Active Directory, Azure Active Directory or other Directory Services within the last 7 years .	<i>bidder to insert</i>
M2	A minimum of 5 years' experience in developing security guidelines, technical architectures, frameworks, and strategies related to Directory Services within the last 7 years .	<i>bidder to insert</i>

**Security Requirement:

Number	Security Requirement as per the SRCL Form in Annex C	Comments
1	The bidder must hold a valid Secret organization security clearance as indicated in Annex C.	<i>Fill out the Security Clearance Form attached</i>

The bidder must clearly demonstrate how they meet each mandatory criteria. Bidders are advised that only listing experience without providing any supporting information or reusing the same wording as the RFP, will not be considered “demonstrated” for the purpose of this evaluation.

For each resume submitted, the bidder must ensure that:

- the proposed individual's name is clearly indicated
- the resume clearly states where, when and how the stated qualifications/experience of the individual were acquired, including contact information of a reference that can confirm the information provided
- the resume clearly demonstrates duties and relevance to the requirements

Furthermore, bidders are also advised that the month(s) of experience listed for a project whose timeframe overlaps that of another referenced project, will only be counted once.

If requested by the Contracting Authority, the Bidder must provide references for Canada to validate the information in the proposed resource résumé.

Canada retains the right to conduct interviews with the resource to confirm submitted information and assess availability.

In the event that the provided information is found to be invalid, Canada reserves the right to declare the bid non-compliant.

Right-fit justifications allowed to select the proper resource

Department of National Defence (DND) will select the successful bid on basis of right-fit from among the responsive bids. One or more justification(s) from amongst any of the justification(s) below will be used to determine the successful bidder in terms of meeting the right-fit basis of selection:

- Specialized education which will improve the quality of services to be provided
- Additional certifications which will improve the quality of services to be provided
- Additional experience which will improve the quality of services to be provided
- Knowledge of relevant government policies or procedures which will improve the quality of services to be provided
- Better proficiency in one or both official languages which will improve the quality of the services to be provided

Interviews may be administered to select the best resource from among the bids determined as responsive according to the rules above.

The responsive bid determined to correspond to one or more of the right fit justification(s) will be selected for award of a contract.

1.1 Example of basis of selection – Right-fit

Category	Bid A	Bid B	Bid C	Bid D	Median price	Lowest price
Data entry clerk, Jr	\$ 25.00	\$ 21.87	\$ 18.00	\$ 26.00	\$ 23.44	\$ 18.00

The median price is calculated as follows:

Order the bids from lowest to highest: **\$18, \$21.87, \$25, and \$26**

The median price = $\{(n + 1) \div 2\}$, where “n” is the number of bids = $\{(4+1) \div 2\} = 2.5$

\$21.87 is in the 2nd position and \$25 is in the 3rd position, so 2.5 is the price halfway between these = **\$23.44**.

Category	Lower median limit (-20%)	Upper median limit (+20%)	Within median band	Lowest price +25%	Within 25% band
Data Entry Clerk, Jr	\$ 18.75	\$ 28.12	A,B,D	\$ 22.50	B and C

Ineffective median band situation (All compliant bids fall outside of the median band):

When and only when three (3) or more compliant bids result in a median band that excludes all bidders, Canada may, but will have no obligation to, either cancel the request for proposal and re-solicit or decide to select a bidder among all otherwise compliant bids using one or more of the five right fit justification(s).

In addition, Canada may, but will have no obligation to, require price support information. If Canada requests price support, the bidder must provide at a minimum an invoice (referencing a contract serial number or other unique contract identifier) that shows that the bidder has provided and invoiced a customer (with whom the bidder deals at arm's length) for services performed for that customer similar to the services that would be provided in the National Capital Region.

2. In the case of an identical resource or identical resources proposed by more than one bidder

Following validation of the consent or proof of employment, if the successful bidder's proposed resource withdraws or becomes unable to provide the services before the contract award, the resource will no longer be considered from any other bidder who offered that same resource for the performance of the contract.

3. Replacement of a resource prior to contract award

If the successful bidder's proposed resource recommended for the contract award withdraws and/or becomes unable to provide its services for the performance of the contract, at any time between the closing date and time of the RFP and the award of the contract, the bidder must immediately inform the contracting authority of the reason for the replacement.

Canada reserves the right to move to the next compliant bidder if the proposed resource recommended for the contract award withdraws and/or becomes unable to provide its services for the performance of the contract. If the contracting authority opts to allow for a replacement instead of progressing to the next compliant bidder, the successful bidder is required to propose, at the same hourly rate specified in its bid, a replacement who must:

- 1- Meet all mandatory requirements outlined in the RFP;
- 2- Obtain, at minimum, the same score under the point-rated criteria, if applicable;
- 3- Holds, at minimum, the same qualifications and experiences of the originally proposed resource.

Upon request by the contracting authority and within the time allowed (minimum of one business day), the bidder must provide the necessary information to allow assessment of the replacement, including but not limited to, its name, qualifications and experience. Failure to respond to the request will result in the bid being declared non-responsive.

4. Bid challenge and recourse mechanisms

Several mechanisms are available to potential suppliers to challenge aspects of the procurement process up to and including contract award.

Canada encourages suppliers to first bring their concerns to the attention of the contracting authority. Canada's [Canada Buys](#) website, under the heading "" contains information on potential complaint bodies such as:

- Office of the Procurement Ombudsman (OPO)
- Canadian International Trade Tribunal (CITT)

Bidders should note that there are **strict deadlines** for filing complaints, and the time periods vary depending on the complaint body in question. Bidders should therefore act quickly when they want to challenge any aspect of the procurement process.

occurrence of the delay or of the likelihood of the delay as soon as the Contractor becomes aware of it. The Contractor must also advise the Contracting Authority, within 15 working days, of all the circumstances relating to the delay and provide to the Contracting Authority for approval a clear work around plan explaining in detail the steps that the Contractor proposes to take in order to minimize the impact of the event causing the delay.

Any delivery date or other date that is directly affected by an Excusable Delay will be postponed for a reasonable time that will not exceed the duration of the Excusable Delay.

However, if an Excusable Delay has continued for 30 days or more, the Contracting Authority may, by giving notice in writing to the Contractor, terminate the Contract. Unless Canada has caused the delay by failing to meet an obligation under the Contract, Canada will not be responsible for any costs incurred by the Contractor or any of its subcontractors or agents as a result of an Excusable Delay.

2010B 09 (2008-05-12) Inspection and acceptance of the Work

All the Work is subject to inspection and acceptance by Canada. Inspection and acceptance of the Work by Canada do not relieve the Contractor of its responsibility for defects or other failures to meet the requirements of the Contract. 2010B 10 (2013-03-21) Invoice submission

Invoices must be submitted in the Contractor's name. The Contractor must submit invoices for each delivery or shipment; invoices must only apply to the Contract. Each invoice must indicate whether it covers partial or final delivery.

Invoices must show:

- the date, the name and address of the client department, item or reference numbers, deliverable/description of the Work, contract number, Client Reference Number (CRN), Procurement Business Number (PBN), and financial code(s);
- details of expenditures (such as item, quantity, unit of issue, unit price, fixed time labour rates and level of effort, subcontracts, as applicable) in accordance with the Basis of Payment, exclusive of Applicable Taxes;
- deduction for holdback, if applicable;

- if applicable, the method of shipment together with date, case numbers and part or reference numbers, shipment charges and any other additional charges.

Applicable Taxes must be specified on all invoices as a separate item along with corresponding registration numbers from the tax authorities. All items that are zero-rated, exempt or to which Applicable Taxes do not apply, must be identified as such on all invoices.

By submitting an invoice, the Contractor certifies that the invoice is consistent with the Work delivered and is in accordance with the Contract.

2010B 11 (2013-03-21) Taxes

Federal government departments and agencies are required to pay Applicable Taxes.

Applicable Taxes will be paid by Canada as provided in the Invoice Submission section. It is the sole responsibility of the Contractor to charge Applicable Taxes at the correct rate in accordance with applicable legislation. The Contractor agrees to remit to appropriate tax authorities any amounts of Applicable Taxes paid or due.

The Contractor is not entitled to use Canada's exemptions from any tax, such as provincial sales taxes, unless otherwise specified by law. The Contractor must pay applicable provincial sales tax, ancillary taxes, and any commodity tax, on taxable goods or services used or consumed in the performance of the Contract (in accordance with applicable legislation), including for material incorporated into real property.

In those cases where Applicable Taxes, customs duties, and excise taxes are included in the Contract Price, the Contract Price will be adjusted to reflect any increase, or decrease, of Applicable Taxes, customs duties, and excise taxes that will have occurred between bid submission and contract award. However, there will be no adjustment for any change to increase the Contract Price if public notice of the change was given before bid submission date in sufficient detail to have permitted the Contractor to calculate the effect of the change.

Tax Withholding of 15 Percent – Canada Revenue Agency

Pursuant to the Income Tax Act, 1985, c. 1 (5th Supp.) and the Income Tax Regulations, Canada must withhold 15 percent of the amount to be paid to the Contractor in respect of services provided in Canada if the Contractor is not a resident of Canada, unless the Contractor obtains a valid waiver from the Canada Revenue Agency. The amount withheld will be held on account for the Contractor in respect to any tax liability which may be owed to Canada.

2010B 12 (2010-01-11) Transportation costs

If transportation costs are payable by Canada under the Contract and the Contractor makes the transportation arrangements, shipments must be made by the most direct and economical means

extent that this section expressly provides. The Contractor agrees to repay immediately to Canada the portion of any advance payment that is unliquidated at the date of the termination.

2010B 26 (2008-05-12) Right of set-off

Without restricting any right of set-off given by law, Canada may set-off against any amount payable to the Contractor under the Contract, any amount payable to Canada by the Contractor under the Contract or under any other current contract. Canada may, when making a payment pursuant to the Contract, deduct from the amount payable to the Contractor any such amount payable to Canada by the Contractor which, by virtue of the right of set-off, may be retained by Canada.

2010B 27 (2008-05-12) Conflict of Interest and Values and Ethics Codes for the Public Service

2010B 28 (2008-05-12) No bribe or conflict

The Contractor declares that no bribe, gift, benefit, or other inducement has been or will be paid, given, promised or offered directly or indirectly to any official or employee of Canada or to a member of the family of such a person, with a view to influencing the entry into the Contract or the administration of the Contract.

The Contractor must not influence, seek to influence or otherwise take part in a decision of Canada knowing that the decision might further its private interest. The Contractor must have no financial interest in the business of a third party that causes or would appear to cause a conflict of interest in connection with the performance of its obligations under the Contract. If such a financial interest is acquired during the period of the Contract, the Contractor must immediately declare it to the Contracting Authority.

The Contractor warrants that, to the best of its knowledge after making diligent inquiry, no conflict exists or is likely to arise in the performance of the Contract. In the event the Contractor becomes aware of any matter that causes or is likely to cause a conflict in relation to the Contractor's performance under the Contract, the Contractor must immediately disclose such matter to the Contracting Authority in writing.

If the Contracting Authority is of the opinion that a conflict exists as a result of the Contractor's disclosure or as a result of any other information brought to the Contracting Authority's attention, the Contracting Authority may require the Contractor to take steps to resolve or otherwise deal with the conflict or, at its entire discretion, terminate the Contract for default. Conflict means any matter, circumstance, interest, or activity affecting the Contractor, its personnel or subcontractors, which may or may appear to impair the ability of the Contractor to perform the Work diligently and independently.

2010B 29 (2008-12-12) Contingency fees

The Contractor certifies that it has not, directly or indirectly, paid or agreed to pay and agrees that it will not, directly or indirectly, pay a contingency fee for the solicitation, negotiation or obtaining of the Contract to any person, other than an employee of the Contractor acting in the normal course of the employee's duties. In this section, "contingency fee" means any payment or other compensation that depends or is calculated based on a degree of success in soliciting, negotiating or obtaining the Contract and "person" includes any individual who is required to file a return with the registrar pursuant to section 5 of the Lobbying Act, 1985, c. 44 (4th Supplement).

2010B 30 (2021-12-02) International sanctions

Persons in Canada, and Canadians outside of Canada, are bound by economic sanctions imposed by Canada. As a result, the Government of Canada cannot accept delivery of goods or services that originate, either directly or indirectly, from the countries or persons subject to economic sanctions. The Contractor must not supply to the Government of Canada any goods or services which are subject to economic sanctions.

The Contractor must comply with changes to the regulations imposed during the period of the Contract. The Contractor must immediately advise Canada if it is unable to perform the Work as a result of the imposition of economic sanctions against a country or person or the addition of a good or service to the list of sanctioned goods or services. If the Parties cannot agree on a work around plan, the Contract will be terminated for the convenience of Canada in accordance with section 25.

2010B 31 (2016-04-04) Integrity provisions—contract

The Ineligibility and Suspension Policy (the "Policy") and all related Directives incorporated by reference into the bid solicitation on its closing date are incorporated into, and form a binding part of, the Contract. The Contractor must comply with the provisions of the Policy and Directives, which can be found on Public Works and Government Services Canada's website at Ineligibility and Suspension Policy.

2010B 32 (2022-12-01) Harassment in the workplace

A copy of the Directive on the Prevention and Resolution of Workplace Harassment and Violence, which is also applicable to the Contractor, is available on the Treasury Board Web site.

consistent with normal shipping practice. The costs must be shown as a separate item on the invoice.

2010B 13 (2010-01-11) Transportation carriers' liability

The federal government's policy of underwriting its own risks precludes payment of insurance or valuation charges for transportation beyond the point at which ownership of goods passes to the federal government (determined by the FOB point or Incoterms). Where increased carrier liability is available without charge, the Contractor must obtain the increased liability for shipment.

2010B 14 (2014-09-25) Payment period

Canada's standard payment period is 30 days. The payment period is measured from the date an invoice in acceptable form and content is received in accordance with the Contract or the date the Work is delivered in acceptable condition as required in the Contract, whichever is later. A payment is considered overdue on the 31st day following that date and interest will be paid automatically in accordance with the section 15.

If the content of the invoice and its substantiating documentation are not in accordance with the Contract or the Work is not in acceptable condition, Canada will notify the Contractor within 15 days of receipt. The 30-day payment period begins upon receipt of the revised invoice or the replacement or corrected Work. Failure by Canada to notify the Contractor within 15 days will only result in the date specified in subsection 1 to apply for the sole purpose of calculating interest on overdue accounts.

2010B 15 (2018-06-21) Interest on overdue accounts

For the purpose of this section:

"Average Rate"
means the simple arithmetic mean of the Bank Rates in effect at 4:00 p.m. Eastern Time each day during the calendar month immediately before the calendar month in which payment is made;

"Bank Rate"

"date of payment"
means the date of the negotiable instrument drawn by the Receiver General for Canada to pay any amount under the Contract;

The Contractor must not, either as an individual, or as a corporate or unincorporated entity, through its employees or subcontractors, harass, abuse, threaten, discriminate against or intimidate any employee, contractor or other individual employed by, or under contract with Canada. The Contractor will be advised in writing of any complaint and will have the right to respond in writing. Upon receipt of the Contractor's response, the Contracting Authority will, at its entire discretion, determine if the complaint is founded and decide on any action to be taken.

2010B 33 (2008-05-12) Entire agreement

The Contract constitutes the entire and only agreement between the Parties and supersedes all previous negotiations, communications and other agreements, whether written or oral, unless they are incorporated by reference in the Contract. There are no terms, covenants, representations, statements or conditions binding on the Parties other than those contained in the Contract.

2010B 34 (2012-07-16) Access to information

Records created by the Contractor, and under the control of Canada, are subject to the Access to Information Act. The Contractor acknowledges the responsibilities of Canada under the Access to Information Act and must, to the extent possible, assist Canada in discharging these responsibilities. Furthermore, the Contractor acknowledges that section 67.1 of the Access to Information Act provides that any person, who destroys, alters, falsifies or conceals a record, or directs anyone to do so, with the intent of obstructing the right of access that is provided by the Access to Information Act is guilty of an offence and is liable to imprisonment or a fine, or both.

The bid will be declared non-responsive if any certification made by the bidder is untrue, whether made knowingly or unknowingly. Failure to comply with the certifications or to comply with the request of the contracting authority for additional information will also render the bid non-responsive.

a) Integrity Provisions – required documentation

By submitting a bid, the bidder certifies that the bidder and its Affiliates are in compliance with the provisions as stated in the 2003, Standard Instructions – Goods or Services – Competitive Requirements, Section 01 Integrity Provisions – Bid of Standard Instructions, included in the RFP Attachment A below. Bidders bidding as societies, firms or partnerships do not need to provide a list of names. Furthermore, as determined by the Special Investigations Directorate, Departmental Oversight Branch, each individual named on the list may be requested to complete Consent to a Criminal Record Verification form and provide associated information. Consult sections [4.21. Integrity Provisions](#), [5.16. Integrity Compliant](#), and [8.70.2. Compliance with the Integrity Provisions](#) of the Supply Manual.

b) Federal Contractors Program for Employment Equity - bid certification

Canada will have the right to declare a bid non-responsive if the bidder, or any member of the bidder if the bidder is a joint venture, appears on the "FCP Limited Eligibility to Bid" list at the time of contract award.

c) Price certification

The Bidder certifies that the price proposed:

- a. is not in excess of the lowest price charged anyone else, including the Bidder's most favoured customer, for the like quality and quantity of the goods, services or both; and
- b. does not include an element of profit in excess of that normally obtained by the Bidder on the sale of goods, services or both of like quality and quantity.

In addition, the bidder must provide, on Canada's request, one or more of the following price support, if applicable:

- a) a current published price list indicating the percentage discount available to Canada; or
- b) copies of paid invoices for the like quality and quantity of the goods, services or both sold to other customers; or
- c) a price breakdown showing the cost of direct labour, direct materials, purchased items, engineering and plant overheads, general and administrative overhead, transportation, etc., and profit; or
- d) price or rate certifications
- e) any other supporting documentation as requested by Canada.

d) Consent and replacement of resource

The bidder must provide a written/electronic consent signed by the proposed resource before the closing date and time of the RFP. In cases where the proposed resource is a full time employee of the bidder, a proof of employment signed by an authorized representative of the bidder, such as Chief Financial Officer or Human Resource Director must be provided.

To be considered valid, the written/electronic consent or proof of employment must have been obtained/signed during the solicitation period and reference the solicitation number. It must also include a statement confirming the availability of the resource for the performance of the contract during the period mentioned in the RFP. Failure to provide the proper documentation will result in the bid being declared non-responsive.

By providing either a written/electronic consent or proof of employment, the bidder certifies that the information included on the consent or proof of employment for the proposed resource, for this requirement, is true and accurate.

e) Disclosure of resources working on multiple contracts

01 (2016-04-04) Integrity provisions—bid

The Ineligibility and Suspension Policy (the "Policy") in effect on the date the bid solicitation is issued, and all related Directives in effect on that date, are incorporated by reference into, and form a binding part of the bid solicitation. The Bidder must comply with the Policy and Directives, which can be found at Ineligibility and Suspension Policy.

Under the Policy, charges and convictions of certain offences against a Supplier, its affiliates or first tier subcontractors, and other circumstances, will or may result in a determination by Public Works and Government Services Canada (PWGSC) that the Supplier is ineligible to enter, or is suspended from entering into a contract with Canada. The list of ineligible and suspended Suppliers is contained in PWGSC's Integrity Database. The Policy describes how enquiries can be made regarding the ineligibility or suspension of Suppliers.

In addition to all other information required in the bid solicitation, the Bidder must provide the following:

- by the time stated in the Policy, all information required by the Policy described under the heading "Information to be Provided when Bidding, Contracting or Entering into a Real Property Agreement"; and
- with its bid, a complete list of all foreign criminal charges and convictions pertaining to itself, its affiliates and its proposed first tier subcontractors that, to the best of its knowledge and belief, may be similar to one of the listed offences in the Policy. The list of foreign criminal charges and convictions must be submitted using an Integrity Declaration Form, which can be found at Declaration form for procurement.

Subject to subsection 5, by submitting a bid in response to this bid solicitation, the Bidder certifies that:

- it has read and understands the Ineligibility and Suspension Policy;
- it understands that certain domestic and foreign criminal charges and convictions, and other circumstances, as described in the Policy, will or may result in a determination of ineligibility or suspension under the Policy;
- it is aware that Canada may request additional information, certifications, and validations from the Bidder or a third party for purposes of making a determination of ineligibility or suspension;
- it has provided with its bid a complete list of all foreign criminal charges and convictions pertaining to itself, its affiliates and its proposed first tier subcontractors that, to the best of its knowledge and belief, may be similar to one of the listed offences in the Policy;
- none of the domestic criminal offences, and other circumstances, described in the Policy that will or may result in a determination of ineligibility or suspension, apply to it, its affiliates and its proposed first tier subcontractors; and
- it is not aware of a determination of ineligibility or suspension issued by PWGSC that applies to it.

Where a Bidder is unable to provide any of the certifications required by subsection 4, it must submit with its bid a completed Integrity Declaration Form, which can be found at Declaration form for procurement.

Canada will declare non-responsive any bid in respect of which the information requested is incomplete or inaccurate, or in respect of which the information contained in a certification or declaration is found by Canada to be false or misleading in any respect. If Canada establishes after award of the Contract that the Bidder provided a false or misleading certification or declaration, Canada may terminate the Contract for default. Pursuant to the Policy, Canada may also determine the Bidder to be ineligible for award of a contract for providing a false or misleading certification or declaration.

02 (2020-05-28) Procurement Business Number

Suppliers are required to have a Procurement Business Number (PBN) before contract award. Suppliers may register for a PBN online at Supplier Registration Information.

03 (2007-05-25) Standard instructions, clauses and conditions

Pursuant to the Department of Public Works and Government Services Act (S.C. 1996, c.16), the instructions, clauses and conditions identified in the bid solicitation and resulting contract by number, date, and title are incorporated by reference into and form part of the bid solicitation and resulting contract as though expressly set out in the bid solicitation and resulting contract.

04 (2007-11-30) Definition of Bidder

"Bidder" means the person or entity (or, in the case of a joint venture, the persons or entities) submitting a bid to perform a contract for goods, services or both. It does not include the parent, subsidiaries or other affiliates of the Bidder, or its subcontractors.

05 (2018-05-22) Submission of bids

Canada requires that each bid, at solicitation closing date and time or upon request from the Contracting Authority, be signed by the Bidder or by an authorized representative of the Bidder. If a bid is submitted by a joint venture, it must be in accordance with section 17.

It is the Bidder's responsibility to:

- obtain clarification of the requirements contained in the bid solicitation, if necessary, before submitting a bid;

For bids transmitted by CPC Connect service, Canada will not be responsible for any failure attributable to the transmission or receipt of the bid including, but not limited to, the following:

- receipt of a garbled, corrupted or incomplete bid;
- availability or condition of the CPC Connect service;
- incompatibility between the sending and receiving equipment;
- delay in transmission or receipt of the bid;
- failure of the Bidder to properly identify the bid;
- illegibility of the bid;
- security of bid data; or,
- inability to create an electronic conversation through the CPC Connect service.

The Bid Receiving Unit will send an acknowledgement of the receipt of bid document(s) via the CPC Connect conversation, regardless of whether the conversation was initiated by the supplier using its own license or the Bid Receiving Unit. This acknowledgement will confirm only the receipt of bid document(s) and will not confirm if the attachments may be opened nor if the content is readable.

Bidders must ensure that they are using the correct email address for the Bid Receiving Unit when initiating a conversation in CPC Connect or communicating with the Bid Receiving Unit and should not rely on the accuracy of copying and pasting the email address into the CPC Connect system.

A bid transmitted by CPC Connect service constitutes the formal bid of the Bidder and must be submitted in accordance with section 05.

09 (2010-10-07) Customs clearance

It is the responsibility of the Bidder to allow sufficient time to obtain Customs clearance, where required, before the bid closing date and time. Delays related to the obtaining of Customs clearance cannot be construed as "undue delay in the mail" and will not be accepted as a delayed bid under section 07.

10 (2007-05-25) Legal capacity

The Bidder must have the legal capacity to contract. If the Bidder is a sole proprietorship, a partnership or a corporate body, the Bidder must provide, if requested by the Contracting Authority, a statement and any requested supporting documentation indicating the laws under which it is registered or incorporated together with the registered or corporate name and place of business. This also applies to bidders submitting a bid as a joint venture.

11 (2007-11-30) Rights of Canada

Canada reserves the right to:

- reject any or all bids received in response to the bid solicitation;
- enter into negotiations with bidders on any or all aspects of their bids;
- accept any bid in whole or in part without negotiations;
- cancel the bid solicitation at any time;
- reissue the bid solicitation;
- if no responsive bids are received and the requirement is not substantially modified, reissue the bid solicitation by inviting only the bidders who bid to resubmit bids within a period designated by Canada; and,
- negotiate with the sole responsive Bidder to ensure best value to Canada.

12 (2014-09-25) Rejection of bid

Canada may reject a bid where any of the following circumstances is present:

- the Bidder is subject to a Vendor Performance Corrective Measure, under the Vendor Performance Corrective Measure Policy, which renders the Bidder ineligible to bid on the requirement;
 - an employee, or subcontractor included as part of the bid, is subject to a Vendor Performance Corrective Measure, under the Vendor Performance Corrective Measure Policy, which would render that employee or subcontractor ineligible to bid on the requirement, or the portion of the requirement the employee or subcontractor is to perform;
 - the Bidder is bankrupt or where, for whatever reason, its activities are rendered inoperable for an extended period;
 - evidence, satisfactory to Canada, of fraud, bribery, fraudulent misrepresentation or failure to comply with any law protecting individuals against any manner of discrimination, has been received with respect to the Bidder, any of its employees or any subcontractor included as part of the bid;
 - evidence satisfactory to Canada that based on past conduct or behavior, the Bidder, a subcontractor or a person who is to perform the Work is unsuitable or has conducted himself/herself improperly;
- with respect to current or prior transactions with the Government of Canada:
- Canada has exercised its contractual remedies of suspension or termination for default with respect to a contract with the Bidder, any of its employees or any subcontractor included as part of the bid;
 - Canada determines that the Bidder's performance on other contracts, including the efficiency and workmanship as well as the extent to which the Bidder performed the Work in accordance with contractual clauses and conditions, is sufficiently poor to jeopardize the successful completion of the requirement being bid on.
- Where Canada intends to reject a bid pursuant to a provision of subsection 1. (f), the Contracting Authority will so inform the Bidder and provide the Bidder 10 days within which to make representations, before making a final decision on the bid rejection.
 - Canada reserves the right to apply additional scrutiny, in particular, when multiple bids are received in response to a bid solicitation from a single bidder or a joint venture.

Canada reserves the right to:

- prepare its bid in accordance with the instructions contained in the bid solicitation;
- submit by solicitation closing date and time a complete bid;
- send its bid only to the specified Bid Receiving Unit of Public Works and Government Services Canada (PWGSC) specified in the bid solicitation or, to the address specified in the bid solicitation, as applicable;
- ensure that the Bidder's name, return address, bid solicitation number, and solicitation closing date and time are clearly visible on the bid; and,
- provide a comprehensible and sufficiently detailed bid, including all requested pricing details, that will permit a complete evaluation in accordance with the criteria set out in the bid solicitation.

Canada will make available Notices of Proposed Procurement (NPP), bid solicitations and related documents for download through the Government Electronic Tendering Service (GETS). Canada is not responsible and will not assume any liabilities whatsoever for the information found on websites of third parties. In the event an NPP, bid solicitation or related documentation would be amended, Canada will not be sending notifications. Canada will post all amendments, including significant enquiries received and their replies, using GETS. It is the sole responsibility of the Bidder to regularly consult GETS for the most up-to-date information. Canada will not be liable for any oversight on the Bidder's part nor for notification services offered by a third party.

Bids will remain open for acceptance for a period of not less than 60 days from the closing date of the bid solicitation, unless specified otherwise in the bid solicitation. Canada reserves the right to seek an extension of the bid validity period from all responsive bidders in writing, within a minimum of 3 days before the end of the bid validity period. If the extension is accepted by all responsive bidders, Canada will continue with the evaluation of the bids. If the extension is not accepted by all responsive bidders, Canada will, at its sole discretion, either continue with the evaluation of the bids of those who have accepted the extension or cancel the solicitation.

Bid documents and supporting information may be submitted in either English or French.

Bids received on or before the stipulated bid solicitation closing date and time will become the property of Canada and will not be returned. All bids will be treated as confidential, subject to the provisions of the Access to Information Act (R.S. 1985, c. A-1) and the Privacy Act (R.S., 1985, c. P-21).

Unless specified otherwise in the bid solicitation, Canada will evaluate only the documentation provided with a bidder's bid. Canada will not evaluate information such as references to Web site addresses where additional information can be found, or technical manuals or brochures not submitted with the bid.

A bid cannot be assigned or transferred in whole or in part.

06 (2022-03-29) Late bids

PWGSC will return or delete bids delivered after the stipulated solicitation closing date and time, unless they qualify as a delayed bid as described in section 07.

For late bids submitted using means other than the Canada Post Corporation's Connect service, the paper bid will be returned.

For bids submitted electronically, the late bids will be deleted. As an example, bids submitted using Canada Post Corporation's Connect service, conversations initiated by the Bid Receiving Unit via the CPC Connect service pertaining to a late bid, will be deleted. Records will be kept documenting the transaction history of all late bids submitted using CPC Connect service.

07 (2022-03-29) Delayed bids

A bid delivered to the specified Bid Receiving Unit after the solicitation closing date and time but before the contract award date may be considered, provided the bidder can prove the delay is due solely to a delay in delivery that can be attributed to the Canada Post Corporation (CPC) (or national equivalent of a foreign country). Private courier (Pulorator Inc., Fedex Inc., etc.) is not considered to be part of CPC for the purposes of delayed bids.

The only pieces of evidence relating to a delay in the CPC system that are acceptable to PWGSC are:

- a CPC cancellation date stamp;
- a CPC Priority Courier bill of lading;
- a CPC Xpresspost label;

that clearly indicates that the bid was sent before the solicitation closing date.

The only piece of evidence relating to a delay in the CPC Connect service provided by CPC system that is acceptable to PWGSC is a CPC Connect service date and time record indicated in the CPC Connect conversation history that clearly indicates that the bid was sent before the solicitation closing date and time.

Misrouting, traffic volume, weather disturbances, labour disputes or any other causes for the late delivery of bids are not acceptable reasons for the bid to be accepted by PWGSC.

Postage meter imprints, whether imprinted by the Bidder, the CPC or the postal authority outside Canada, are not acceptable as proof of timely mailing.

08 (2023-06-08) Transmission by facsimile or by Canada Post Corporation's (CPC) Connect service

Facsimile

Unless specified otherwise in the bid solicitation, bids may be submitted by facsimile.

PWGSC, National Capital Region: The only acceptable facsimile number for responses to bid solicitations issued by PWGSC headquarters is 819-997-9776 or, if applicable, the facsimile number identified in the bid solicitation.

PWGSC regional offices: The facsimile number for responses to bid solicitations issued by PWGSC regional offices is identified in the bid solicitation.

For bids transmitted by facsimile, Canada will not be responsible for any failure attributable to the transmission or receipt of the faxed bid including, but not limited to, the following:

- receipt of garbled, corrupted or incomplete bid;
- availability or condition of the receiving facsimile equipment;
- incompatibility between the sending and receiving equipment;
- delay in transmission or receipt of the bid;
- failure of the Bidder to properly identify the bid;
- illegibility of the bid; or
- security of bid data.

- reject any or all of the bids submitted by a single bidder or joint venture if their inclusion in the evaluation has the effect of prejudicing the integrity and fairness of the process, or;
- reject any or all of the bids submitted by a single bidder or joint venture if their inclusion in the procurement process would distort the solicitation evaluation, and would cause a result that would not reasonably have been expected under prevailing market conditions and/or would not provide good value to Canada.

13 (2014-03-01) Communications—solicitation period

To ensure the integrity of the competitive bid process, enquiries and other communications regarding the bid solicitation must be directed only to the Contracting Authority identified in the bid solicitation. Failure to comply with this requirement may result in the bid being declared non-responsive.

To ensure consistency and quality of information provided to bidders, significant enquiries received and their replies will be posted on the Government Electronic Tendering Service (GETS). For further information, consult subsection 3 of the Submission of bids section.

14 (2007-11-30) Price justification

In the event that the Bidder's bid is the sole responsive bid received, the Bidder must provide, on Canada's request, one or more of the following price justification:

- a current published price list indicating the percentage discount available to Canada; or
- a copy of paid invoices for the like quality and quantity of the goods, services or both sold to other customers; or
- a price breakdown showing the cost of direct labour, direct materials, purchased items, engineering and plant overheads, general and administrative overhead, transportation, etc., and profit; or
- price or rate certifications; or any other supporting documentation as requested by Canada.

15 (2007-05-25) Bid costs

No payment will be made for costs incurred in the preparation and submission of a bid in response to the bid solicitation. Costs associated with preparing and submitting a bid, as well as any costs incurred by the Bidder associated with the evaluation of the bid, are the sole responsibility of the Bidder.

16 (2008-05-12) Conduct of evaluation

In conducting its evaluation of the bids, Canada may, but will have no obligation to, do the following:

- seek clarification or verification from bidders regarding any or all information provided by them with respect to the bid solicitation;
- contact any or all references supplied by bidders to verify and validate any information submitted by them;
- request, before award of any contract, specific information with respect to bidders' legal status;
- conduct a survey of bidders' facilities and/or examine their technical, managerial, and financial capabilities to determine if they are adequate to meet the requirements of the bid solicitation;
- correct any error in the extended pricing of bids by using unit pricing and any error in quantities in bids to reflect the quantities stated in the bid solicitation; in the case of error in the extension of prices, the unit price will govern.
- verify any information provided by bidders through independent research, use of any government resources or by contacting third parties;
- interview, at the sole costs of bidders, any bidder and/or any or all of the resources proposed by bidders to fulfill the requirement of the bid solicitation.

Bidders will have the number of days specified in the request by the Contracting Authority to comply with any request related to any of the above items. Failure to comply with the request may result in the bid being declared non-responsive.

17 (2010-01-11) Joint venture

A joint venture is an association of two or more parties who combine their money, property, knowledge, expertise or other resources in a single joint business enterprise, sometimes referred to as a consortium, to bid together on a requirement. Bidders who bid as a joint venture must indicate clearly that it is a joint venture and provide the following information:

- the name of each member of the joint venture;
- the Procurement Business Number of each member of the joint venture;
- the name of the representative of the joint venture, i.e. the member chosen by the other members to act on their behalf, if applicable;
- the name of the joint venture, if applicable.

If the information is not clearly provided in the bid, the Bidder must provide the information on request from the Contracting Authority.

The bid and any resulting contract must be signed by all the members of the joint venture unless one member has been appointed to act on behalf of all members of the joint venture. The Contracting Authority may, at any time, require each member of the joint venture to confirm that the representative has been appointed with full authority to act as its representative for the purposes of the bid solicitation and any resulting contract. If a contract is awarded to a joint venture, all members of the joint venture will be jointly and severally or solitarily liable for the performance of any resulting contract.

18 (2012-03-02) Conflict of interest—unfair advantage

In order to protect the integrity of the procurement process, bidders are advised that Canada may reject a bid in the following circumstances:

- if the Bidder, any of its subcontractors, any of their respective employees or former employees was involved in any manner in the preparation of the bid solicitation or in any situation of conflict of interest or appearance of conflict of interest;
- if the Bidder, any of its subcontractors, any of their respective employees or former employees had access to information related to the bid solicitation that was not available to other bidders and that would, in Canada's opinion, give or appear to give the Bidder an unfair advantage.

The experience acquired by a bidder who is providing or has provided the goods and services described in the bid solicitation (or similar goods or services) will not, in itself, be considered by Canada as conferring an unfair advantage or creating a conflict of interest. This bidder remains however subject to the criteria established above.

A bid transmitted by facsimile constitutes the formal bid of the Bidder and must be submitted in accordance with section 05.

Canada Post Corporation's Connect service

Unless specified otherwise in the bid solicitation, bids may be submitted by using the Connect service provided by Canada Post Corporation.

PWGSC, National Capital Region: The only acceptable email address to use with CPC Connect for responses to bid solicitations issued by PWGSC headquarters is: tpsgc.pareceptiondessoumissions-apbidReceiving.pwgsc@tpsgc-pwgsc.gc.ca, or, if applicable, the email address identified in the bid solicitation.

PWGSC regional offices: The only acceptable email address to use with CPC Connect for responses to bid solicitations issued by PWGSC regional offices is identified in the bid solicitation.

To submit a bid using CPC Connect service, the Bidder must either:

- send directly its bid only to the specified PWGSC Bid Receiving Unit, using its own licensing agreement for CPC Connect provided by Canada Post Corporation; or
- send as early as possible, and in any case, at least six business days prior to the solicitation closing date and time, (in order to ensure a response), an email that includes the bid solicitation number to the specified PWGSC Bid Receiving Unit requesting to open a CPC Connect conversation. Requests to open a CPC Connect conversation received after that time may not be answered.

If the Bidder sends an email requesting CPC Connect service to the specified Bid Receiving Unit in the bid solicitation, an officer of the Bid Receiving Unit will then initiate a CPC Connect conversation. The CPC Connect conversation will create an email notification from Canada Post Corporation prompting the Bidder to access and action the message within the conversation. The Bidder will then be able to transmit its bid afterward at any time prior to the solicitation closing date and time.

If the Bidder is using its own licensing agreement to send its bid, the Bidder must keep the CPC Connect conversation open until at least 30 business days after the solicitation closing date and time.

The bid solicitation number should be identified in the CPC Connect message field of all electronic transfers.

It should be noted that the use of CPC Connect service requires a Canadian mailing address. Should a bidder not have a Canadian mailing address, they may use the Bid Receiving Unit address specified in the solicitation in order to register for the CPC Connect service.

Where Canada intends to reject a bid under this section, the Contracting Authority will inform the Bidder and provide the Bidder an opportunity to make representations before making a final decision. Bidders who are in doubt about a particular situation should contact the Contracting Authority before bid closing. By submitting a bid, the Bidder represents that it does not consider itself to be in conflict of interest nor to have an unfair advantage. The Bidder acknowledges that it is within Canada's sole discretion to determine whether a conflict of interest, unfair advantage or an appearance of conflict of interest or unfair advantage exists.

19 (2007-11-30) Entire requirement

The bid solicitation documents contain all the requirements relating to the bid solicitation. Any other information or documentation provided to or obtained by a bidder from any source are not relevant. Bidders should not assume that practices used under previous contracts will continue, unless they are described in the bid solicitation. Bidders should also not assume that their existing capabilities meet the requirements of the bid solicitation simply because they have met previous requirements.

20 (2017-04-27) Further information

For further information, bidders may contact the Contracting Authority identified in the bid solicitation.

For bid solicitations issued out of PWGSC headquarters, enquiries concerning receipt of bids may be addressed to the Bid Receiving Unit, Procurement Operational Support Division, telephone 819-420-7200. For bid solicitations issued out of PWGSC regional offices, enquiries concerning receipt of bids may be addressed to the Contracting Authority identified in the bid solicitation.

21 (2022-01-28) Code of Conduct for Procurement—bid

The Code of Conduct for Procurement provides that Bidders must respond to bid solicitations in an honest, fair and comprehensive manner, accurately reflect their capacity to satisfy the requirements set out in the bid solicitation and resulting contract, submit bids and enter into contracts only if they will fulfill all obligations of the Contract. By submitting a bid, the Bidder is certifying that it is complying with the Code of Conduct for Procurement. Failure to comply with the Code of Conduct for Procurement may render the bid non-responsive.
