For
TASK BASED INFORMATICS PROFESSIONAL SERVICES (TBIPS)

GSIN: D302A ADP SYSTEM DEVELOPMENT SERVICES

Reference Number:	W847A-250402	Solicitation Number:	W847A-250402
Organization Name:	National Defence		
Solicitation Date:	2024-06-21	Closing Date:	2024-07-16 16:00 PM Eastern Daylight Saving Time EDT
Anticipated Start Date:	2024-08-12		
Estimated Delivery Date:	2027-08-11	Estimate Level of Effort:	220 days per resource per year
Contract Duration:	The contract period will be for three (3) years from the date of contract with an irrevocable option to extend it for up to three two additional option periods		
Solicitation Method:	Competitive	Applicable Trade Agreements:	WTO-AGP, CCFTA, CPFTA, CColFTA, CPanFTA, CHonFTA, CETA, CPTPP), CFTA, CUFTA, CKFTA
Comprehensive Land Claim Agreement Applies:	No	Number of Contracts:	1

Requirement Details

Tendering Procedure: Selective Tendering

This requirement is open only to those TBIPS Supply Arrangement Holders who qualified under Tier 2 for services in the National Capital Region for the following category(ies):

1. One (1) Technology Architect, Senior (L3)
2. One (1) Business Analyst, Senior (L3)
3. One (1) Business Analyst, Intermediate (L2)
4. One (1) Application Software Architect, Senior (L3)

All qualified suppliers (SA Holders) have been invited to submit a proposal.

Description of Work:

The Future Aircrew Training (FAcT) Program has awarded a contract to SkyAlyne Inc.. As part of that contract, SkyAlyne will act as the System Implementor (SI) and the first 7 years of the Pre-Service Delivery will include the Implementation of the FAcT Training System. To support the Implementation work, a Contractor is required to act as liaison between the end-client, the FAcT Team, Key Stakeholders, and the SI.

Canada’s Defence Policy, Strong, Secured, Engaged (SSE) 2017 (now known as Our North, Strong and Free Defence Policy), initiative 53, directs that the Royal Canadian Air Force (RCAF) “acquire aircrew training systems”. The Future Aircrew Training (FAcT) program mandate is to develop and implement a new and cohesive training program that replaces the Canadian Armed Forces’ (CAF) existing Pilot, Air Combat

Systems Officer (ACSO), and Airborne Electronic Sensor Operator (AES Op) training systems. The ability to generate sufficient numbers of ab initio aircrew, trained to Wing Standard, is fundamental to the employment of RCAF aerospace capability.

FAcT will deliver a transition to a relevant, flexible, responsive, and effective aircrew training system capable of producing sufficient New Wing Graduates (NWG) to meet future Defence Policy tasks. FAcT will exploit technological advances in aircrew training systems while maintaining control of aircrew training system's standards and output. Supplied training includes the provision of contracted Qualified Flying Instructors (QFIs), courseware, aircraft, Ground based training systems (GBTS) and infrastructure. It also includes on-site support for training development and delivery, asset management activities, air traffic management for the duration of the services contract for the period of 20 years after Full Operational Capability (FOC).

FAcT will be implemented at three (3) locations currently supporting Aircrew Training:

1. 17 Wing Winnipeg;
 2. 15 Wing Moose Jaw; and
 3. Southport Aerospace Centre.
- Bidders must submit a bid for all resource categories.
 - The work is currently not being performed by a contracted resource.

Security Requirement: Common PS SRCL #20 applies.
Minimum Corporate Security Required: Designated Organization Screening (DOS)
Minimum Resource Security Required: Secret

Contract Authority

Name: Ulrich Mercier Kamga
Phone Number: 343.576.3558
