The **2006** (2023-06-08) Standard Instructions - Request for Standing Offers - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the RFSO.

2.3. Enquiries – Request for Standing Offers

All enquiries must be submitted in writing to the Standing Offer Authority no later than seven (7) calendar days before the Request for Standing Offers (RFSO) closing date. Enquiries received after that time may not be answered.

Offerors should reference as accurately as possible the numbered item of the RFSO to which the enquiry relates. Care should be taken by Offerors to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that Offerors do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all Offerors. Enquiries not submitted in a form that can be distributed to all Offerors may not be answered by Canada.

2.4. Applicable Laws

The Standing Offer and any contract resulting from the Standing Offer must be interpreted and governed, and the relations between the parties determined, by the laws in force in Alberta.

Offerors may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their offer, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Offerors.

2.5. Bid Challenge and Recourse Mechanisms

2.5.1. Several mechanisms are available to potential suppliers to challenge aspects of the procurement process up to and including contract award.

- Office of the Procurement Ombudsman (OPO)
- Canadian International Trade Tribunal (CITT)

2.5.3. Suppliers should note that there are strict deadlines for filing complaints, and the time periods vary depending on the complaint body in question. Suppliers should therefore act quickly when they want to challenge any aspect of the procurement process.

Only one Standing Offer, which may cover multiple locations, will be awarded to each successful Offeror.

PART 5 – CERTIFICATIONS AND ADDITIONAL INFORMATION

Unless specified otherwise, Canada will declare an offer non-responsive, will have the right to set-aside a Standing Offer, or will declare a contractor in default if any certification made by the Offeror is found to be untrue whether made knowingly or unknowingly during the offer evaluation period, during the Standing Offer period, or during the contract period.

The Standing Offer Authority will have the right to ask for additional information to verify the Offeror's certifications. ANNEX A

STATEMENT OF WORK

1. Background

This Standing Offer Agreement is required for traffic control services in five (5) work locations throughout the mountain parks region as detailed below.

Both Non-Urgent services - planned work with a response required with 24 hours' notice - and Urgent services - response required within 2 hours - will be required in each of the five (5) regions.

In the majority of these work zones average traffic volumes exceed 3,000 vehicles per day in the winter and over 11,000 vehicles a day during peak summer months. Some of the work areas include portions of the Trans-Canada Highway which is an essential domestic and international trade route for billions of dollars of goods annually. Throughout each of the work locations there are systems in place to deal with snowfall, slippery roads, avalanche hazards, mud slides, rock fall, vehicle accidents etc. Part of those systems involve the need for traffic control to ensure that the travelling public stay out of, or travel safely through identified work zones, for their own safety and the safety of our employees and protected spaces.
