SOLICITATION AMENDMENT # 002

This solicitation amendment is raised to:

1. Address the following question submitted during the solicitation period as per RFP.

1. QUESTION AND ANSWER

Q3. Can you provide a table like this with info by second language learning level (A, B, C) for the last three fiscal years?

For ex: In 2019-20, for the Atlantic region, there were 13 students in full-time individual training, such as:

- 3* students for "French as a second language" at the A level,
- 6* students at the B level,
- 4* at the C level.

A3. The table below includes all of the Atlantic region's language training requests for one year (October 2021 to September 2022). The table is split by quarter (period) to show that the volume is not the same all through the year. We received a total of 443 requests for training (all types of training combined). Several of those requests are from students who were registered in more than one quarter (the actual student count is 187 - see break down below).

Student Count

49 students were registered in only one period(session)	49
47 students were registered in 2 periods (sessions)	47
66 students were registered in 3 periods (sessions)	66
23 students were registered in all 4 periods (sessions)	23
2 students were registered in all 4 periods (sessions)+ took group training + individual	<u>02</u>
	187

Take note that many students have up to 3 goals (Reading , Writing and Oral) they want to reach, but some students didn't indicate their target goals.

Here is the compilation of the number of request received between October 2021 to September 2022:
