This Q&A Doc Version 001 is raised to provide answers to the first round of bidder questions and provide the following note to Bidders.

Note to Bidders:

Please email Rana.Hashash@forces.gc.ca and reference W8486-228561/A for a French copy of this amendment.

Question 1	The tender document mentions a need for a clamping system, but we require more information to provide an accurate proposal. Could you please provide details on the material type, thickness, tolerance requirements, and any other specifications relevant to the application.
Answer 1	Please refer to the following points in the RFP: 3.1.1.5. The WaterJet Cutting System must be accessible from three (3) sides to allow a 4 ft. by 8 ft. sheet to be loaded easily. 3.1.2.8. The clamping system must be low profile and adjustable to hold sheets with a minimum thickness of up to 38 mm. 3.1.2.9. A clamping system set must be included, composed of at least twelve (12) clamps allowing three (3) plates to be held simultaneously.
Question 2	Do you require a fully enclosed cooling system?
Answer 2	Yes, as per the following point in the RFP: 3.1.4.5 The pump must have a closed loop cooling system for water that has been processed through the system.
