Vendor Name and Address	
Name and title of person authorized to sign on behalf of vendor (type or print) - Nom et titre de la personne autorisée à signer au nom du fournisseur (caractère d'imprimerie)	
Name/Nom _____	Title/Titre _____
Signature _____	Date _____

This amendment is raised to extend the closing date of the solicitation and to answer questions from potential bidders.

The amended closing date has been extended to June 16th, 2023 at 14:00 EDT.

Question 1: “Please provide a technical drawing package for all items”

Answer: Technical drawings are not available for the items.

Question 2: “Is it feasible to obtain the drawing for item numbers 007 and 008 (part# ULC-S513). The manufacturer is the DEPARTMENT OF NATIONAL DEFENCE”

Answer: A technical drawing is not available for the item. ULC-S513 refers to a ULC standard which is obsolete, so please disregard. A description of the item Canada is looking for is: **“a double female swivel connection adapter, made out of cast brass or bronze, for a 2.5 inch NH/NST connection (based on the 7.5 thread per inch (TPI) description), that uses rocker lugs for wrenching with Right handed (RH) threads.”**

Question 3: “Could you kindly provide me the hose threads on both sides of the requested adapter? Would the adapter be required to have the P/N engraved on it?”

Answer: Yes, the adapter would require the P/N engraved on it as per SACC Manual Clause D2000C (2007-11-30), Marking. As for the hose threads, the male threads on the 1 ½” side are NPSH @ 11 ½ TPI (Threads per inch) and the female threads on the 2 ½” side are NST(NH) @ 7 ½ TPI.

All other terms and conditions remain the same.
