

Title: Digital Risk Monitoring Service (DRMS)

1. Advance Contract Award Notice (ACAN)

An ACAN is a public notice indicating to the supplier community that a department or agency intends to award a contract for goods, services or construction to a pre-identified supplier, thereby allowing other suppliers to signal their interest in bidding, by submitting a statement of capabilities. If no supplier submits a statement of capabilities that meets the requirements set out in the ACAN, on or before the closing date stated in the ACAN, the contracting officer may then proceed with the award to the pre-identified supplier.

2. Definition of the requirement

The Office of the Superintendent of Financial Institutions Canada (OSFI) has a requirement for the provision of Digital Risk Monitoring Service (DRMS). The DRMS would deliver to OSFI:

- a. Threat Intelligence – provide OSFI with another source of threat intelligence information to support risk assessment and security teams;
- b. Dark Web Monitoring – provide insight as to whether OSFI credentials or data have been compromised; and
- c. Fraud Monitoring – observe Surface, Deep and Dark web sources including social media to determine, and report, if OSFI brand, executives, or websites are being impersonated.

The purpose of this Advance Contract Award Notice (ACAN) is to signal the government's intention to award a contract for these services to rSolutions Corporation, authorized reseller of Mandiant, Inc. Before awarding a contract, however, the government would like to provide other suppliers with the opportunity to demonstrate that they are capable of satisfying the requirements set out in this Notice, by submitting a statement of capabilities during the 15 calendar day posting period.

If other potential suppliers submit a statement of capabilities during the 15 calendar day posting period that meet the requirements set out in the ACAN, the government will proceed to a full tendering process on either the government's electronic tendering service or through traditional means, in order to award the contract.

If no other supplier submits, on or before the closing date, a statement of capabilities meeting the requirements set out in the ACAN, a contract will be awarded to the pre-selected supplier.

3. Criteria for assessment of the Statement of Capabilities (Minimum Essential Requirements)

Any interested supplier must demonstrate by way of a statement of capabilities that it meets the requirements stipulated in Annex A - DRMS Minimum Mandatory Requirements.

4. Applicability of the trade agreement(s) to the procurement

This procurement is subject to the following trade agreement(s)
