Request for proposal (RFP) W8472-235887/A

Solicitation amendment 003 is raised to answer bidder's questions

Question 1:

"The purpose of our email today is to say that we are in receipt of this requirement calling out our enclosure 9900-2000

After looking through the RFP and the T&C's we notice that ITAR does apply - so we want to quote directly from the factory so that all requirements are handled in the upmost professional and secure nature

Saying that - I was hoping that you would have a few moments to chat about the process of bidding directly - I have done this once a while back and want to make sure we do this correctly and accurately so the proposal goes smoothly"

Answer 1:

For your questions about how to submit a bit, we cannot assist you with that. You may request assistance from Procurement Assistance Canada (<https://buyandsell.gc.ca/procurement-support-for-businesses>), formerly Office of Small and Medium Enterprises. At the bottom of the page there is information on Requesting Assistance as well as contact information.

I am also only able to provide a response to specific questions, submitted in writing, related to the solicitation.

All other terms and conditions remain the same.
