PART 2 - BIDDER INSTRUCTIONS

2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) (https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) issued by Public Works and Government Services Canada.

Section 08 of the standard instructions 2003 is deleted in its entirety. Bids transmitted by epost Connect service and by facsimile will not be accepted.

Subsection 12.2 of [2003](#), Standard Instructions - Goods or Services - Competitive Requirements, is amended as follows:

Delete: 10 days

2.2 Submission of Bids

Bids must be received only to ESDC by the date, time and place indicated on page 1 of the bid solicitation.

2.3 Former Public Servant

Contracts awarded to former public servants (FPS) in receipt of a pension or of a lump sum payment must bear the closest public scrutiny and reflect fairness in the spending of public funds. In order to comply with Treasury Board policies and directives on contracts awarded to FPS, bidders must provide in writing before contract award for each question below, the answer and, as applicable, the information required.

If the Contracting Authority has not received the answer to the question and, as applicable, the information required by the time the evaluation of bids is completed, Canada will inform the Bidder of a time frame within which to provide the answer and, as applicable, the information required. Failure to comply with Canada's request and meet the requirement within the prescribed time frame will render the bid non-responsive.

Definitions

For the purposes of this clause,

"former public servant" is any former member of a department as defined in the [Financial Administration Act](#), R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the

Royal Canadian Mounted Police. A former public servant may be:

- (a) an individual;

- (b) an individual who has incorporated;
- (c) a partnership made of former public servants; or
- (d) a sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.

"lump sum payment period" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the size of the Public Service. The lump sum payment period does not include the period of severance pay, which is measured in a like manner.

"pension" means a pension or annual allowance paid under the [Public Service Superannuation Act \(PSSA\)](#), R.S., 1985, c. P-36, and any increases paid pursuant to the [Supplementary Retirement Benefits Act](#), R.S., 1985, c. S-24 as it affects the PSSA. It does not include pensions payable pursuant to the [Canadian Forces Superannuation Act](#), R.S., 1985, c. C-17, the [Defence Services Pension Continuation Act](#), 1970, c. D-3, the [Royal Canadian Mounted Police Pension Continuation Act](#), 1970, c. R-10, and the [Royal Canadian Mounted Police Superannuation Act](#), R.S., 1985, c. R-11, [the Members of Parliament Retiring Allowances Act](#), R.S., 1985, c. M-5, and that portion of pension payable to the [Canada Pension Plan Act](#), R.S., 1985, c. C-8.

Yes () No ()

If so, the Bidder must provide the following information for all FPS in receipt of a pension, as applicable:

- (a) name of former public servant; and
- (b) date of termination of employment or retirement from the Public Service.

By providing this information, bidders agree that the successful Bidder's status, with respect to being a former public servant in receipt of a pension, will be reported on departmental websites as part of the published proactive disclosure reports in accordance with [Contracting Policy Notice: 2012-2](#) and the [Guidelines on the Proactive Disclosure of Contracts](#).

Work Force Adjustment Directive

Is the Bidder a FPS who received a lump sum payment pursuant to the terms of the Work Force Adjustment Directive?

Yes () No ()

If so, the Bidder must provide the following information:

- a) name of former public servant;
- b) conditions of the lump sum payment incentive;
- c) date of termination of employment;
- d) amount of lump sum payment;
- e) rate of pay on which lump sum payment is based;

- g) number and amount (professional fees) of other contracts subject to the restrictions of a work force reduction program.

For all contracts awarded during the lump sum payment period, the total amount of fees that may be paid to a FPS who received a lump sum payment is \$5,000, including Applicable Taxes.

2.4 Enquiries - Bid Solicitation

All enquiries must be submitted to nc-solicitations-gd@hrsdc-rhdcc.gc.ca no later than 6 calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders must reference the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by Bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Failing to do so may result in Canada not responding.

2.5 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Bidders.

PART 3 - BID PREPARATION INSTRUCTIONS

3.1 Bid Preparation Instructions

Due to the nature of the bid solicitation, bids transmitted by epost Connect service and by facsimile will not be accepted.

Canada requests that bidders provide their bid in separately bound sections as follows:

Section I: Technical Bid 1 soft copy;
Section II: Financial Bid 1 soft copy;
Section II: Certifications 1 soft copy.

Prices must appear in the financial bid only. No prices must be indicated in any other section of the bid.

Canada requests that bidders follow the format instructions described below in the preparation of their bid:

- (a) use 8.5 x 11 inch (216 mm x 279 mm) size; and
- (b) use a numbering system that corresponds to the bid solicitation.

Section I: Technical Bid

In their technical bid, Bidders should demonstrate their understanding of the requirements contained in the bid solicitation and explain how they will meet these requirements. Bidders should demonstrate their capability and describe their approach" in a thorough, concise and clear manner for carrying out the work.

The technical bid should address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated. Simply repeating the statement contained in the bid solicitation is not sufficient. In order to facilitate the evaluation of the bid, Canada requests that Bidders address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, Bidders may refer to different sections of their bids by identifying the specific paragraph and page number where the subject topic has already been addressed.

Section II: Financial Bid

Bidders must submit their financial bid in accordance with the Annex "B" Basis of Payment.

Section III: Certifications

Bidders must submit the certifications and additional information required under Part 5.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids.

4.1.1 Technical Evaluation

4.1.1.1 Mandatory Technical Criteria

Mandatory technical evaluation criteria are included in Attachment 1 to Part 4.

4.1.1.2 Point Rated Technical Criteria

Point rated technical evaluation criteria are included in Attachment 1 to Part 4

4.1.2 Financial Evaluation

SACC Manual Clause [A0220T](#) (2014-06-26), Evaluation of Price-Bid

4.2 Basis of Selection – Highest Combined rating of Technical Merit and Price

1. To be declared responsive, a bid must:
 - a. comply with all the requirements of the bid solicitation; and
 - b. meet all mandatory criteria; and
 - c. obtain the required minimum of 25 points overall for the technical evaluation criteria which are subject to point rating.
The rating is performed on a scale of 35 points.
2. Bids not meeting (a) or (b) or (c) will be declared non-responsive.
3. The selection will be based on the highest responsive combined rating of technical merit and price. The ratio will be 60 % for the technical merit and 40 % for the price.
4. To establish the technical merit score, the overall technical score for each responsive bid will be determined as follows: total number of points obtained / maximum number of points available multiplied by the ratio of 60 %.
5. To establish the pricing score, each responsive bid will be prorated against the lowest evaluated price and the ratio of 40 %.
6. For each responsive bid, the technical merit score and the pricing score will be added to determine its combined rating.
7. Neither the responsive bid obtaining the highest technical score nor the one with the lowest evaluated price will necessarily be accepted. The responsive bid with the highest combined rating of technical merit and price will be recommended for award of a contract.

The table below illustrates **an example** where all three bids are responsive and the selection of the contractor is determined by a 60/40 ratio of technical merit and price, respectively. The total available points equals 135 and the lowest evaluated price is \$45,000 (45).

Basis of Selection - Highest Combined Rating Technical Merit (60%) and Price (40%)				
		Bidder 1	Bidder 2	Bidder 3

	Pricing Score	$45/55 \times 40 = 32.73$	$45/50 \times 40 = 36.00$	$45/45 \times 40 = 40.00$

ANNEX "A"

STATEMENT OF WORK

1- Title

Centralised Printing Services (CPS) – Printing Services for standard size ESDC and Service Canada Envelopes

2- Objectives

Employment Social Development Canada (ESDC) requires services for the supply of a variety of ESDC and Service Canada envelopes, as well as shipping services to have the printed products distributed to ESDC offices and other locations across Canada.

The print products resulting from this contract will ensure the delivery of services and benefits to the public.

3- Background Statement

ESDC is the fourth-largest department within the Government of Canada, after the Royal Canadian Mounted Police, the department of National Defence, and the Canada Revenue Agency. In very tangible ways, our employees touch the lives of Canadians across the entire country; our operations span Canada, with over 65 percent of our employees working outside of the National Capital Region.

ESDC ensures that eligible Canadians are provided with retirement, survivor and disability benefits, as well as benefits for children, through the Old Age Security (OAS) program, the Canada Pension Plan (CPP), the Canada Pension Plan Disability (CPPD) and long-term financial security through the Canada Disability Savings Program (CDSP). ESDC also manages various Employment Insurance (EI) streams, services delivered through the Labour Program, and the Canada Education Savings Grant (CESG) program.

ESDC increases participation of Canadians in society by improving individual, family and community well-being, through: the Homelessness Partnering Strategy (HPS); Social Development Partnerships Program (SDPP); New Horizons for Seniors Program (NHSP); and Enabling Accessibility Fund (EAF).

ESDC operates over 600 Service Canada Centers and outreach centers across Canada, offering a single point of access to the public to a wide range of government services and benefits.

Through the Canada Enquiry Centre (CEC), the 1 800 O-Canada service provides Canadians with quick access to all Government of Canada programs and services.

Specially trained staffs use an extensive database of information to answer questions, direct callers to services and take orders for publications and documents.

ESDC's many programs require services for printed material such as application forms, branded envelopes and file folders in order to adequately deliver these services and benefits.

This comparison may consider the full life cycle of a product, including: raw material acquisition, production, manufacturing, packaging, distribution, operation, maintenance, disposal and re- use of the product or service. Green procurement encompasses the concept of the procurement of goods and services that provide for basic human needs and bring a better quality of life, while minimizing the use of non-renewable natural resources and toxic materials and the emission of wastes and pollutants over the life cycle, so as not to jeopardize the ability of future generations to meet their own needs.

The Contractor shall make every possible effort towards supplying print services that are the result of environmentally sound processes, without detracting from the appearance of said items.

The Contractor should make every possible effort towards using papers from manufacturers certified under the Environmental Choice Program, or who are using fibre originating from a sustainably-managed forest certified to a third-party verified forest certification standard such as the Forestry Stewardship Council, Sustainable Forestry Initiative or the Canadian Standards Association Sustainable Forest Management Standard.
