AMENDMENT 001

This amendment is raised to:

A) Answer questions from bidders

A. QUESTIONS AND ANSWERS

- Q1. Please confirm that all assets noted to be accessed are within the community of Naujaat Nunavut and not located in the boundaries of the Ukkusiksalik National Park of Canada
- A1. Yes, confirmed.
- Q2. Can you please tell us about the required qualifications for the Code inspector.
- A2. Please refer to Annex A, Appendix 7.
- Q3. Will as-built drawing be provided for each asset?
- A3. As-built drawings will be provided as available but may not be available for all assets.
- Q4. What is the intention and expectation with the Code Review. Is this a high-level visual review only or do we need to consider as-built documentation to be completed by the consultant while on site
- A4. The general code review is a high-level visual review only, not including the specific Fire Protection and Life Safety Systems listed in Appendix 7.
- Q5. Can you please confirm the level of cost estimate to be provided? Class D, Class B as it is not clear in the statement of work.
- A5. Please refer to Appendix 2, 4.3 and 2.3. Maintenance needs are to be estimated to an indicative level (e.g. Class D) and Current Replacement Value and Deferred work will be considered substantive (e.g. Class B) estimates if they are estimated using the analytical method described in 2.3, which corresponds with the component-based condition assessment method.
