Description of Work:

On an as and when requested basis, through the issuance of Task Authorizations (TAs).

Canada Border Services Agency’s Enterprise Information Management Division (EIMD) seeks contractors ready to provide information management professional services. Their work will lead the Agency’s transformation of its information lifecycle management processes.

These resources will ensure that business units within the Agency are understood according to their specific and unique needs. Some areas of the Agency will need to be moved into a Physical-Digital System, to ensure that information and data transit within a controlled environment that will incorporate elements from physical and digital realms, while others will be maintained in a completely digital space.

The Contractor must provide IM/IT professional services on an as and when required basis of CBSA ESD’s project initiative and on-going operational requirements in the National Capital Region (NCR). Task Authorizations (TAs) will be issued against the Contract to request the Work, Projects may be in any of the following stages: inception, identification, in the midst of work, or delivery.
