The amendment to the bid solicitation is to address the enquiries received:

Response(s) (R) to Question(s) (Q)1:

Q1. I would like to confirm, to meet the tender requirements, if we can subcontract work at the beginning of the contract and, in the meantime, we develop methods in-house? Will ECCC allow us to shift from 3rd party to in-house testing once method developed and accredited?

R1. The Bidder will need written consent from the Technical Authority to shift from subcontract to in-house testing once method developed and accredited, and it meets the analytical requirements stated in the Contract. The Bidder must honour the price per sample submitted with its bid.

Q2. Could ECCC provide the Mandatory Technical Criteria in Excel format?

R2. Yes, Attachment 1 to Part 4 in Excel format is now available on CanadaBuys

All other terms and conditions of the Bid Solicitation remain the same.
