This amendment is raised to address the following:

- To respond to questions received during the solicitation period; and
- To revise the solicitation accordingly, as applicable.

**QUESTIONS AND ANSWERS**

Question 1: Given this project involves the mere delivery of preassembled office chairs, could the security requirements be removed?

Answer 1: The security requirement will remain. However, bidders only need to have the security requirements in place upon contract award not at bid closing. The bidder who submits the lowest priced bid that meets all the mandatory criteria, will be contacted by the contracting authority after the bid closure. The bidder's installers will be requested to complete the necessary forms in order to obtain an RCMP security clearance. Once the security clearances are obtained the contract will be awarded.

Question 2: Regarding A2 Side chair, the CA has requested a plastic base frame,

- i) Is this intended to be the seat frame?
- ii) Would metal legs also be acceptable as this is typically the industry standard for indoor furnishings?

Answer 2:

- i) The chair base frame is the system of support underneath the seat of the chair.
- ii) Both plastic and metal legs are acceptable.
